

08/08/17 in Antananarivo, Madagascar

CERTIFICATE OF GOOD COMPLETION

To whom it may concern

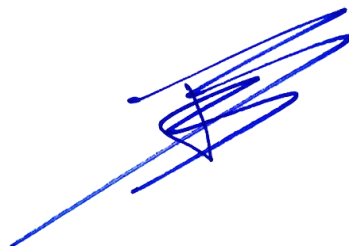

I, Frédéric Baron, international environmental consultant for the World Bank to support the REDD+ National coordination office of Madagascar (BNC-REDD+), hereby certify that the company SalvaTerra SAS, based in Paris, France, completed all required tasks relating to the mission “Analysis of the drivers of deforestation and forest degradation in the eastern humid forests and western dry forests of Madagascar” between July 2016 and May 2017, for a total amount of 165.252 €.

The tasks were as follows:

- Collection, review and synthesis of the existing literature on the agents and direct/underlying drivers of deforestation and forest degradation in Madagascar;
- Design of a field survey on 10 deforestation hotspots through the studied regions, interviews of 192 producers, 63 resource persons and 14 economic operators;
- Collection of data on the potential drivers of deforestation (socio-economic and environmental data);
- Spatial modeling of the deforestation linked with socio-economic and environmental parameters and modeling of future deforestation;
- Organization of 13 workshops to discuss the preliminary and final results.

I confirm that the tasks carried out by SalvaTerra SAS were in accordance with the terms of the contract, including the results agreed upon and in respect of the agreed deadlines. I'm fully satisfied with their performance and capacity to offer expertise both in the collection and treatment of field data as well as in the analysis of results and their outreach at all level and with diverse stakeholders.

The certificate is issued to SalvaTerra SAS upon the company's request, to assert its right.

Frédéric Baron

International Environmental
Consultant for the World Bank
