

Specific experience:

<i>Countries</i>	<i>Dates</i>
Algeria	April 2012
Austria	July 2010
Benin	September 2015
Burkina Faso	June 2013; July 2013 ; February 2014; September 2014 ; July 2016
Burundi	June 2012
Cameroon	June 2010; February 2012 ; December 2014
Central African Republic	October 2010
Chad	February 2015 ; July 2015
Democratic Republic of the Congo	November 2014
France	Country of residence
Gabon	May 2011
Guinea Conakry	December 2015 ; February 2016
Ivory Coast	September 2012; October 2012; August 2013; October 2013 ; March 2015 ; March 2016
Laos	September 2010
Lebanon	May 2012
Madagascar	September 2016
Morocco	March 2012; April 2012; October 2012 ; March 2014 ; June 2014
Niger	October 2013
Senegal	January to July 2009; April 2011; October 2011
Tunisia	April 2012; May 2013; November 2013 ; February 2014
Turkey	June 2014

Professional experience

<i>Dates</i>	<i>Location & Organisation</i>	<i>Position & Contact</i>	<i>Description</i>
09/12 to present	France (Paris) SalvaTerra SAS	Partner	Expertise and development of projects related to agriculture, forests and rural development in developing countries.
07/16 to 01/17	Madagascar (Antananarivo, Mitsinjo, Ankarafantsika, Bealanana) SalvaTerra	Team leader Ref: frederic.baron.88@gmail.com Mob: +261 340 590 231	Study of the drivers of deforestation and forest degradation in the ecoregions of the western dry forests and the eastern humid forests of Madagascar - Bibliographic review, field surveys and spatial analysis in collaboration with the Catholic University of Louvain. Financed by the World Bank.
07/16	Burkina Faso (Ouagadougou) SalvaTerra	Agricultural chain expert Ref: l.garba@afdb.org Mob: +225 77 30 59 99	Preparation and evaluation of project to support the development of cashew nuts in the Comoé basin (PADA/REDD+), on component 1 - Support for production and carbon sequestration. Financed by the African Development Bank.
11/15 to 04/16	Guinea Conakry (Kankan) SalvaTerra	Réf : pendomaro@acp.int Mob: +32 2 74 30 690	Support to the Federation of yam producers of Guinea for an increased and sustainable production of yam (especially respectful of forests): overview of the sector, analysis of current technical practices, proposed improved technical practices and in-farm tests (<i>Mother and Baby Trials</i>). Financed by the European Union, via the Global Alliance on Climate Change (GCCA). <i>Report (French): Salvaterra (2016). "Super KUU" - Promotion of sustainable, profitable and "climate friendly" yam culture in Upper Guinea, Guinea Conakry. Conakry, Guinea, 137 p.</i>
02/15 to 05/16	Côte d'Ivoire (Abidjan) SalvaTerra	Ref: thomas.sembres@efi.in Mob: + 34 661 370 001	Coordination of technical assistance provided by a consortium (SalvaTerra, CIRAD, ICRAF and CURAT, lead by SalvaTerra) to two ivoirien agroindustrial firms, to take deforestation reduction commitments. Financed by the European Forest Institute (EFI). <i>Presentation (French): Salvaterra (2015). Production of "zero deforestation" cocoa and palm oil in Ivory Coast: why and how ?. Abidjan, Ivory Coast, 41 slides.</i>
08/15	Kenya (from France) SalvaTerra	Ref: Ivo.Mulder@unep.org Mob: +254 727 627 338	Assessment of the total environmental value of Kenyan forests in the framework of a study on REDD+ related opportunities in improving efficiency in forestry operations and forest product processing in Kenya. Financed by UNEP. <i>Report (English): Salvaterra (2015). Opportunities for Improving efficiency in forestry and forest product processing operations in Kenya. Nairobi, Kenya, 77 p.</i>
02/15 to 07/15	Chad (Njamena, Moundou, Sarh) SalvaTerra	Team leader Ref: a.atwa@unido.org Tel: +43 1 260 26 33 03	Complete study of the sesame value chain and elaboration of a project for the development of the sesame sector. Financed by the United Nations Industrial Development Organization (UNIDO). <i>Report (French): Salvaterra (2015). Feasibility study report of strengthening the sesame value chain in Chad. Ndjaména, Chad, 109 p.</i>
12/14	Cameroon (Douala) SalvaTerra	Traceability expert Ref: alexandre.borme@credit-agricole-sa.fr	Development of a mapping and traceability tool in the frame of a 2nd phase of a long-term support to Biotropical, society exporting double certified (organic and fair trade) tropical fruits (mango, pineapple, passion fruit, etc.), to enhance its volumes of supply and export, by structuring small scale farmers' organisations. Financed by BIO, joint-venture Grameen Bank-Crédit Agricole, Initiatives et Partenaires (I&P). <i>Report (French): Salvaterra (2014). Second phase of support to the organization of small producers working with BADC. Douala, Cameroon, 91 p.</i>
11/14 to 01/15	DRC (Kinshasa)	Wood energy and charcoal marketing expert	Woodfuel and charcoal market, carbonization technologies and commercialization constraints analysis for the IBI Bateke project, in the framework of the Biodiversity and Forest Program of the GIZ. Financed by the GIZ.

	SalvaTerra	Ref: gabrielle.munduku@giz.de Mob : +243 815094969	<i>Report (French): SalvaTerra (2014). Carbonization and marketing of makala produced from the Ibi Bateke carbon sink commercial plantations in the periphery of Kinshasa. Kinshasa, DR Congo, 71 p.</i>
07/14 to 11/14	France (Paris) SalvaTerra	Team leader Ref: thomas.sembres@efi.int Mob: + 34 661 370 001	Development of a tool to calculate costs and benefits of different land use scenarios. The calculator allows to simulate land use changes for five agricultural sectors (palm oil, cocoa, rubber, yam and rice production) and integrates direct and indirect costs and benefits related to operating costs, production, impact on employment, deforestation and implied loss of ecosystem values and impact on climate change, transaction costs (land tenure, land monitoring, etc). It also allows taking into account the impacts of climate change on yields and the promotion of forest-friendly productions on international markets. Financed by the European Forest Institute (EFI). <i>Report (French): SalvaTerra (2014). Simulator of the costs and benefits of various land-use scenarios: user's guide. Barcelona, Spain, 40 p.</i>
09/14	Burkina-Faso (Ouagadougou) SalvaTerra	Ref: b.sarr@agrhyment.ne Mob : +227 91 48 55 68	Training of 15 CILSS' executives on climate change negotiations. Financed by the Global Climate Change Alliance (GCCA). <i>Presentations (French):</i> <i>Part 1: Salvaterra (2014). Science of climate change negotiations and History (2 presentations).</i> <i>Part 2: Salvaterra (2014). Understanding negotiations and Assessment of the Doha negotiations (3 presentations)</i> <i>Part 3: Salvaterra (2014). State of play of the LULUCF and REDD+ negotiations (1 presentation)</i> <i>Part 4: Salvaterra (2014). Adaptation (NAPAs review) and "Climate" Financing (2 presentations)</i>
04/14	France (Montpellier) SalvaTerra	Ref: raphael.manlay@agroparistech.fr Tel: +33 467 047 126	Training of twenty students of various nationalities and curriculum during a day, on the implementation of a forestry project for climate change mitigation, both on theoretical and practical aspects. Training delivered in the framework of the "Tropical forests and climate change: from facts to ecopolitics" module organized by the training and research group for the Environmental Management of Ecosystems and Tropical Forests (GEEFT) of AgroParisTech-ENGREF. <i>Presentations (English):</i> <i>SalvaTerra (2014). Implementation of a forestry project for CC mitigation - Part 1: Theory. Montpellier, France, 108 p.</i> <i>SalvaTerra (2014). Implementation of a forestry project for CC mitigation - Part 2: Case studies. Montpellier, France, 108 p.</i>
02/14	Burkina-Faso (Ouagadougou) SalvaTerra	Ref: fabien.pousse@luxdev.lu Mob: +226 65 65 69 73	Identification of potential sources of international funding for the Intervention Fund for the Environment (FIE). Financed by the Luxembourg cooperation. <i>Report (French): SalvaTerra (2014). Identification of international financing sources for the Intervention Fund for the Environment. Ouagadougou, Burkina Faso, 51 p.</i>
01/14 to 08/14	CILSS/ECOWAS region	Ref: b.sarr@agrhyment.ne Mob : +227 91 48 55 68	Production of educational tools on Climate Change (scientific basics, issues, integration into national policies, funding, conventions, impacts on agriculture and adaptation practices, etc.) for a wide range of stakeholders (policy makers, students, negotiators, journalists, etc.). Financed by SOS Sahel / FFEM. <i>Training materials (French):</i> <i>SalvaTerra and SOS Sahel (2014). Training materials on climate change in West Africa (Part 1: #1 à #5). Ouagadougou, Burkina Faso, 5 documents.</i> <i>SalvaTerra and SOS Sahel (2014). Training materials on climate change in West Africa (Part 2: #6 à #10). Ouagadougou, Burkina Faso, 5 documents.</i>
12/13 to 04/14	Cameroon (Douala) SalvaTerra	Ref: alexandre.borme@credit-agricole-sa.fr Mob:	Agricultural value chains analysis and practical recommendations in the frame of a 1 st phase of a long-term support to Biotropical, society exporting double certified (organic and fair trade) tropical fruits (mango, pineapple, passion fruit, etc.), to enhance its volumes of supply and export, by structuring small scale farmers' organisations. Support to the team leader. Financed by BIO, joint-venture Grameen Bank-Crédit Agricole, Initiatives et Partenaires (I&P).

			<i>Report (French): Salvaterra and EtcTerra (2014). Support to the organization of small producers of Biotropical Agriculture Development Company (BADC). Douala, Cameroon, 65 p.</i>
12/13 to 05/14	Algeria, Lebanon, Tunisia, Turkey SalvaTerra	Ref: ludwig.liagre@giz.de Mob: +212 661 76 92 96	Analysis concerning agricultural trends and value chains, woodfuel consumption, cattle grazing and reforestation practices in the framework of the assessment of the environmental, social and economic costs & benefits, whether tradable or non-tradable, of entering the REDD+ mechanism (Algeria, Lebanon, and Tunisia) or the LULUCF mechanism (Turkey). Financed by the German International Cooperation (GIZ). <i>Country reports:</i> <i>Tunisia (French): SalvaTerra (2014). Salvaterra (2014). Cost-benefit analysis of REDD+ in Tunisia. Tunis, Tunisia, 63 p.</i> <i>Lebanon (French): Salvaterra (2014). Cost-benefit analysis of REDD+ in Lebanon. Beirut, Lebanon, 71 p.</i> <i>Turkey (English): Salvaterra (2014). Cost-benefit assessment of Implementing LULUCF accounting rules in Turkey. Ankara, Turkey, 86 p.</i>
10/13	Niger (Niamey) SalvaTerra	Trainer Ref: b.sarr@agrhyment.ne Mob : +227 91 48 55 68	Training of 15 CILSS' executives on climate change negotiations. <i>Report (English): Salvaterra (2013). COP19 special bulletin. CILSS, Ouagadougou, Burkina Faso, 30 p.</i>
10/13 to 12/14	CILSS region	Ref: b.sarr@agrhyment.ne Mob : +227 91 48 55 68	Technical assistance to the Permanent Interstate Committee for Drought Control in the Sahel (CILSS) on climate changes: integrating climate change into national and regional development policies, support to negotiators during climate negotiations, support to the CILSS in the coaching process of carbon project developers, methodological support (MRV for example). Financed by the European Union, through the Global Climate Change Alliance. <i>Report (French): Salvaterra (2014). Training materials for CILSS (i) DOE accreditation roadmap, (ii) carbon monitoring manual; (iii) training report of West African negotiators.</i>
09/13	Burkina Faso (Ouagadougou) SalvaTerra	Ref: m.duarte@afdb.org Mob: +216 23 51 62 74	2 nd upgrading of the R-PP of Burkina-Faso, by addressing the 2 nd round of comments received from the Technical Assessment Panel (TAP) of the Forest Carbon Partnership Facility (FCPF). Financed by the AfDB. <i>Report (French): Forest Carbon Partnership Facility (2013). Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 217 p.</i> <i>Report (English): Forest Carbon Partnership Facility (2013). Readiness Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 218 p.</i>
07/13 to 12/13	Ivory Coast (Abidjan and Soubré) SalvaTerra	Team leader Ref: thomas.sembres@efi.int Mob: + 34 661 370 001	Analysis of 7 agricultural value-chains, the forestry sector and the issues of land tenure, to develop "business as usual scenarios" and "REDD+ scenarios" and assess costs (investment, transaction, opportunity costs) and benefits (higher productivity, access to markets, valuation of direct and indirect, tradable and non tradable forest based goods and services) linked with the development of REDD+ in Ivory Coast. Mobilization of agricultural and forestry sectors through dedicated workshops. Financed by the European Forest Institute. <i>Report (French): SalvaTerra (2013). Cost-benefit study of REDD+ in the Ivory Coast and the mobilization of the stakeholders of the largest agricultural and forestry sectors. Abidjan, Ivory Coast, 139 p.</i>
07/13	Burkina Faso (Bérégaougou) SalvaTerra	Ref: m.duarte@afdb.org Mob: +216 23 51 62 74	Cashew nut value chain analysis and study of cashew transformation processes, followed by the preparation (and successful competitive selection) of a project idea note submitted to the private window of the Forest Investment Programme (FIP) for a project called "Climate change mitigation and poverty reduction through the development of the cashew sector" carried by the Wouol association (double certified organic and fair trade – 6,6 MUSD of budget) in Burkina-Faso. Financed by the AfDB. <i>Report (English): SalvaTerra (2013). Climate change mitigation and poverty reduction through the development of the cashew sector in Burkina Faso. Ouagadougou, Burkina Faso, 15 p.</i>

06/13 to 07/13	Burkina Faso (Ouagadougou) SalvaTerra	Ref: m.duarte@afdb.org Mob: +216 23 51 62 74	1 st upgrading of the R-PP of Burkina-Faso, by addressing the 1 st round of comments received from the Technical Assessment Panel (TAP) of the Forest Carbon Partnership Facility (FCPF). Financed by the AfDB. <i>Report (French): Forest Carbon Partnership Facility (2013). Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 217 p.</i> <i>Report (English): Forest Carbon Partnership Facility (2013). Readiness Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 218 p.</i>
05/13 to 06/13	Tunisia (Tunis) SalvaTerra	Ref : ghazi.gader@gis.de Mob: +216 98 270 613	Revising of the terms of reference for the elaboration of forest management plans in Tunisia, including the inclusion of adaptation to climate change, stakeholders participation, integration in the rural development strategies, accounting of direct and indirect forest-based goods and services, development of a system for monitoring and evaluation, orientations toward an ecosystemic approach. <i>Report (French): SalvaTerra et Eco Consult (2013). Revising of the terms of reference for the elaboration of forest management plans in Tunisia. Tunis, Tunisia, 41 p.</i>
04/13 to 05/13	DRC (Goma) SalvaTerra	Ref: mone.vangeit@wwf.be Tel : +32 2 340 09 58	Final evaluation of the project « Eco-Makala: promotion of sustainable wood-supply to rural populations closed to the city of Goma », implemented from 2009 to 2013 in the Nord Kivu. Financed by WWF-Belgium (through EuropeAid funding). <i>Report (French): Salvaterra (2013). Final evaluation of the EcoMakala project: sustainable wood energy production and supply to the rural population of the city of Goma. Kinshasa, DR Congo, 140 p.</i>
01/13 to now	France, 18 African LDCs SalvaTerra	Ref: alexandre.meybeck@fao.org Office: +39 34 69 89 65 33	Support to the FAO in assessing the relevance and the effectiveness of adaptation policies and measures related to agriculture, forestry and rural development sectors in the National adaptation plan of actions (NAPAs) submitted by 18 African countries (out of the 33 African least developed countries). Financed by the FAO. <i>Documents (French): Salvaterra (2013). Comprehensive analysis of the agricultural measures contained in the National Action Plans for Adaptation of 18 sub-Saharan countries: study report and presentation. Italy, Roma, 95 p / 70 slides.</i>
09/12 to 12/12	Ivory Coast (Abidjan) SalvaTerra	Ref: m.harchies@prospect-cs.be Mob: +32 475 92 18 29	Studies on agricultural and forest value chains to support the Ivory Coast Government in elaborating a REDD+ roadmap. Financed by the European Union, through the Global Climate Change Alliance. <i>Report (French): Salvaterra (2012). Roadmap for REDD+ in the Republic of Côte d'Ivoire. Abidjan, Ivory Coast, 85 p.</i>
09/12 to 12/12	Morocco (Rabat) SalvaTerra	Ref: ludwig.liagre@giz.de Mob: +212 661 76 92 96	Analysis concerning agricultural trends and value chains, woodfuel consumption, cattle grazing and reforestation practices, in the framework of the analysis of the environmental, social and economic costs & benefits, whether tradable or non-tradable of entering the REDD+ mechanism to protect the forest carbon. Support to the Kingdom of Morocco (High Commission for Water, Forests and Desertification Control), financed by the German International Cooperation (GIZ). <i>Report (French): SalvaTerra (2012). REDD+ costs and benefits assessment for the Kingdom of Morocco. Rabat, Morocco, 71 p.</i>
03/12 to 06/12	France (Paris) ONFI	Ref: julien.demenois@onf.fr Mob: +33 6 98 80 55 78	Writing of articles for a briefing note on forest and climate published by ONF International (<i>Note Forêts Climat</i>). Financed by the French development agency (AFD). <i>Briefing note (French): ONFI (2012). Forest and Climate – Briefing note n°2, May 2012. Paris, France, 5 p.</i>
06/12	France (Paris) ONFI	Ref: ludwig.liagre@giz.de Mob: +212 661 76 92 96	Feasibility study for the creation of a funding mechanism for the sustainable management of forests by polluting companies in Morocco. Study carried out for the Kingdom of Morocco (High Commission for Water, Forests and Desertification Control). Financed by the German International Cooperation (GIZ). <i>Report (French): ONFI (2012). Feasibility study for the creation of a funding mechanism for the sustainable management of forests by polluting companies in Morocco. Rabat, Morocco, 36 p.</i>

06/12	Burundi (Rutana and Ruyigi) ONFI	Ref: k.picquenot@terea.org Mob: +33 6 50 32 56 56	Socio-economic assessments in order to develop forest management plans for four municipalities in eastern Burundi. Analysis of value chains (woodfuel and agricultural products). Financed by the European union through the <i>Programme Post-conflit de Développement Rural</i> project (PPCDR, or Post-Conflict Rural Development Programme). <i>Report (French): ONFI (2012). Socio-economic study for the elaboration of the communal forest management plan of Mpinga-Kavoye. Rutana, Burundi, 35 p</i>
04/12	Lebanon (Beirut), Algeria (Algiers), Tunisia (Tunis), Morocco (Rabat) ONFI	Ref: mbriens@planbleu.org Tel: + 33 4 92 38 86 19	Supporting the ministries of forests and environment of five Mediterranean countries in the identification of project sites to implement activities concerning adaptation to climate change and mitigation. Financed by the French global environment fund (FFEM). <i>Presentations (French):</i> <i>ONFI (2012). National workshop to launch the project "Optimizing the production of goods and services by Mediterranean forest ecosystems in the context of global change" and support for pilot sites identification. Presentation of the activities at the pilot sites of component 4: Optimization and development of mitigation role of Mediterranean forests. Alger, Algeria, 17 p.</i> <i>ONFI (2012). What REDD+ for the Mediterranean forests?. Tunis, Tunisia, 27 p.</i>
03/12	Morocco (Rabat and countryside) ONFI	Ref: mbriens@planbleu.org Tel: + 33 4 92 38 86 19	Prefeasibility study for the development a climate related project in Morocco (Maamora) and elaboration of a guidebook to help Mediterranean countries to identify project sites to implement activities concerning: (i) adaptation to climate change, (ii) assessment of the economic value of forest ecosystem-related goods and services, (iii) good practices concerning governance and (iv) REDD+ project development. Financed by the French global environment fund (FFEM). <i>Report (French): ONFI (2012). Optimize the production of goods and services by Mediterranean woodlands in a context of global changes. Guide for the partner countries to identify pilot sites. Paris, France, 64 p.</i>
02/12	Cameroon (Douala) ONFI	Ref: ducastelc@afd.fr Tel: +33 1 53 44 33 10	Presentation of forest carbon certification methodologies under the <i>Verified Carbon Standard</i> and the results of the FORAFAMA program (<i>Appui à la gestion durable des forêts du Bassin du Congo et du bassin amazonien brésilien</i>), during the meeting of the Congo Basin Forest Partnership (CBFP). Financed by the French global environment fund (FFEM). <i>Presentation (French): ONFI (2012). FORAFAMA: Component 3-1, Implementing a strategy for REDD and forest management. Douala, Cameroon, 12 p.</i>
08/10 to 08/11	France (Paris) ONFI	Ref: ducastelc@afd.fr Tel: +33 1 53 44 33 10	Prefeasibility study of an improved forest management (IFM) project and REDD-IFM methodologies analysis in the framework of the FORAFAMA program (<i>Support for sustainable forest management in the Congo Basin and the Amazon Basin of Brazil</i>). Financed by the French global environment fund (FFEM). <i>Report (French): ONFI – TERE – FRM (2011). FORAFAMA: Composante 3-1. Report d'exécution de la tâche 1 : analyse méthodologique. Paris, France, 27 p.</i>
05/11	Gabon (Libreville) ONFI	Ref: massardetienne@gmail.com	Support for the first step of development in the Gabonese national climate plan. Description of the forestry sector, assessment of the impact of the development policies on the forest cover and GHG emissions, proposals to anticipate the emissions in the forestry sector. Financed by the French development agency (AFD). <i>Report (French): ONFI (2011). Analysis Report on sectoral policies which impact on forests in terms of mitigation and adaptation to climate change in Gabon. Libreville, Gabon, 54 p.</i>
04/11 and 10/11	Senegal (Dakar, Saloum and Casamance) ONFI	Ref: jeangoepp@nebeday.org Mob: +221 779 39 70 70	Development of a monitoring plan for a mangrove reforestation carbon project in south Senegal (CDM methodology). Training of Océanium staff, as well as participating villagers and officials from the Ministries of the Environment. Financed by Danone. <i>Report (French): ONFI (2011). Oceanium mangrove restoration project: carbon stock monitoring quality manual. Dakar, Senegal, 49 p.</i>

03/11	France (Paris) ONFI	Ref: julien.demenois@onf.fr Mob: +33 6 98 80 55 78	REDD and IFM methodologies analysis for a market study on opportunities generated by REDD+ development for consulting firms on remote sensing. Financed by Astrium.
02/11	France (Paris) ONFI	Réf : n.mardas@globalcanopy.org Mob : + 44 779 319 8569	Elaboration of the country profile of Cameroon for the database on REDD+ countries: http://www.threddesk.org/countries . Financed by the Global Canopy Program. <i>Link to the Cameroon country-profile (English): http://threddesk.org/countries/cameroon</i>
11/10 to 07/12	France (Paris) ONFI	Ref: julien.demenois@onf.fr Mob: +33 6 98 80 55 78	Participation in the "REDD+ Guyana Shield" project elaboration (complete name : <i>Plateforme régionale de développement du mécanisme REDD+ sur le Plateau des Guyanes</i>). Successful project application to Interreg IV Caribbean (European Union). Financed by the French development agency (AFD) and ONF international (ONFI). <i>Report (French): ONF (2012). Application form of the REDD+ Guiana Shield project - technical and political cooperation across the Guiana Shield to improve economic growth by reducing greenhouse gas emissions from deforestation and forest degradation. Paris, France, 61 p.</i>
10/10 to 02/11	Central African Republic (Bangui) ONFI	Ref: tolakogadou@hotmail.com Mob:+236 75 55 82 22	Support in the elaboration of the national REDD+ strategy (RPP) of the Central African Republic, on emission reference levels, in the framework of the Forest Carbon Partnership Facility (FCPF) of the World Bank. Financed by the French development agency (AFD). <i>Report (French): Forest Carbon Partnership Facility (2013). Readiness Preparation Plan for REDD in Central African Republic. Bangui, Central African Rep., 216 p.</i> <i>Report (English): Forest Carbon Partnership Facility (2013). Readiness Preparation Plan for REDD in Central African Republic. Bangui, Central African Rep., 126 p.</i>
09/10	Laos (Vientiane) ONFI	Ref: liabastret@afd.fr Mob: +236 75 53 53 53	Assessment of financial needs for the implementation of the readiness preparation proposal (RPP) for REDD+. Financed by the French development agency (AFD). <i>Report (English): ONFI (2010). REDD+ in Lao PDR: Opportunities for French support within the framework of fast start funding. Vientiane, Lao PDR, 43 p.</i>
07/10	France (Paris) ONFI	Ref: goyet@lafiba.org Mob: +33 6 07 70 75 29	Assessment of the opportunities for the financing of sustainable management of the West African Regional Network of Marine Protected Areas (RAMPAO: <i>Réseau Régional d'Aires Marines Protégées en Afrique de l'Ouest</i>) by climate finance. Financed by the <i>Fondation internationale du Banc d'Arguin</i> (FIBA). <i>Report (French): ONFI (2010). Carbon opportunity study in the West African Regional Network of Marine Protected Areas. Paris, France, 84 p.</i>
06/10	Cameroon (Yaoundé) ONFI	Ref: l.verchot@cgiar.org Mob: +62 81 11 99 00 44	Assessment of data and capacities available in Cameroon for the implementation of a system for the Monitoring, Reporting and Verification (MRV) of forest carbon stocks. Financed by the <i>Center for International Forestry Research</i> (CIFOR). <i>Report and summary (French): ONFI (2010). Developing a country profile for measuring and monitoring forest carbon in Cameroon. Yaoundé, Cameroon, 132 p.</i>
05/10	Austria (Laxenburg) ONFI	Ref: oberstei@iiasa.ac.at Mob: + 436 6 49 19 79 47	Support in adapting the Globiom/G4M model of the International Institute for Applied Systems Analysis (IIASA) to the Congo Basin, to assess the future trends of deforestation and forest degradation. Financed by the World Bank. <i>Report (French): ONFI and IIASA (2010). Regional Study: "Economic growth and deforestation in the Congo Basin - Modelling of development paths." New data and processes tested by IIASA since the workshop held in November 2009 in Douala. Laxenburg, Autriche, 9 p.</i>

04/10	France (Paris) ONFI	Ref: liabastret@afd.fr Mob: +236 75 53 53 53	Writing of a briefing note on REDD+ funding, in the framework of Bonn climate talks. Financed by the French development agency (AFD). <i>Briefing note (French): ONFI (2010). Ministerial Meeting on the results of the participation of Central African countries at the Copenhagen Conference and the Paris summit on climate change in view of the upcoming deadlines. Mobilization of REDD+ financing. Brazzaville, Congo, 9 p.</i>
04/10	France (Paris) ONFI	Ref: tadoum@yahoo.fr Tel: +237 22 21 35 11	Writing of a briefing note on REDD+ funding for Africa, in the framework of the support of the <i>Commission Des Forêts d'Afrique Centrale</i> (COMIFAC), implemented and financed by the German International Cooperation (GIZ). <i>Report (French): ONFI (2010). Elements on REDD in developing countries: Funding available to African countries, drivers of deforestation and forest degradation, reference scenario construction. Paris, France, 79 p.</i>
04/10	France (Paris) ONFI	Ref: julien.demenois@onf.fr Mob: +33 6 98 80 55 78	Detailed literature review on the available funding for fast start REDD+, the global drivers of deforestation and forest degradation and methods for the calculation of baselines (reference scenarios) for REDD+. Financed by the <i>Institut de l'énergie et de l'environnement de la francophonie</i> (IEPF). <i>Report (English): ONFI (2010). REDD+ Partnership meeting. Review of funding for fast start REDD+. Paris, France, 6 p.</i>
03/10 to 10/10	France (Paris) ONFI	Ref: guillaume_ernst@yahoo.fr Mob: +33 6 99 74 59 67	Analysis of 15 Readiness preparation proposals (RPP) submitted to the Forest Carbon Partnership Facility (FCPF) in 2010.
