

- **Support for farmers' organizations** (organisation and good governance, literacy campaigns, financial management, technical capacity-building in agronomy and/or animal breeding, water and natural resources management, research & development in rural environments, negotiations with input suppliers, storekeepers / wholesalers, trade unionism and lobbying with public authorities);
- **Economic analysis of supply-chain management** and recommendations for the **improvement of food security**: bovine meat in Uruguay, special coffee (fair trade, organic and gourmet) in the Dominican Republic, rice in Ghana, and cotton, rice, corn, cashew nut, mango, sesame, yam, shea butter, milk, egg and poultry in Guinea;
- Design, management (coordination and planning of human resources and logistic, administrative and financial management), and monitoring and evaluation (mi-term and final) of rural development projects (agriculture or forestry).

Specific experiences:

<i>Countries</i>	<i>Dates</i>
Australia	March 2007
Burkina-Faso	February to March 2010, September to October 2013, July 2016, October 2016
Cameroon	October 2007, December 2013 to April 2014, December 2014
Central African Republic	September 2010 to February 2011, July 2011
Chad	July 2000, October 2014, February to March 2015, April to August 2016
Chile	February 2012
China	October 2010
Colombia	September 2010
Congo	January 2010, October 2011
Czech Republic	February, April, May 2009
Democratic Republic of Congo	November 2010, August 2012, May 2013, June to October 2013, March to September 2015
Denmark	December 2009
Dominican Republic	February to July 2001
England	February 2012
Finland	October 2006
Germany	May to June 2006, 2007, 2008, 2009 and 2010
Gabon	September to December 2016
Ghana	January 2002 to January 2004, August 2008
Guatemala	May 2010
Guinea Conakry	June 2004 to June 2006, June 2010, February 2011, Oct. - Nov. 2011, March 2014; October 2014, December 2015 to March 2016
Iceland	May 2008
Indonesia	December 2007
Ireland	March 2008
Italy	November 2006, October 2009
Ivory coast	October 2012, July to December 2013, September 2014 to March 2016
Japan	June 2008
Kenya	November 2006, April 2013, August 2015
Lithuania	October 2006
Madagascar	October 2011, July 2016 to January 2017
Mali	June 2010, October 2014, October to November 2015
Morocco	June 2012, December 2012
Niger	September to November 2012, October 2016
Norway	May 2010
Paraguay	February 2012
Peru	April 2010
Poland	June 2007, December 2008, November 2013
Portugal	July 2007, September 2007
Slovenia	February 08
Spain	November 2009
Sweden	July, September 2009
Thailand	April 2008
Trinidad and Tobago	June to August 1999
Turkey	July 2011, January 2014
Uruguay	August 2000

Professional experience:

<i>Dates</i>	<i>Location & Organisation</i>	<i>Position & reference person</i>	<i>Description</i>
07/12 to present	France (Paris) SalvaTerra	Founding Director	Founding Director of a consultancy firm specialising in advisory services for developing countries, with a focus on the following topics: agriculture, forestry, energy, and the environment (water, biodiversity, climate)
09/16 to 01/17	Niger (Tahoua) and Burkina (Sahel & Est) SalvaTerra	Team leader Ref: hertkornn@afd.fr Mob: +33 6 24 27 37 20	Feasibility study of a project for the recovery of degraded lands and sustainable management of lands and landscapes in the Sahelian zone (Tahoua Region in Niger and Eastern and Sahel Regions in Burkina-Faso) to support the implementation of The Great Green Wall Initiative for the Sahel and the Sahara with the forestry services of these countries. Financing of the French Global Environment Facility (FFEM).
09/16 to 12/16	Gabon (Libreville) SalvaTerra	Backstopping Ref: stanislas.mouba@presidenc.e.ga Mob: +241 01 74 17 37	Review of the Gabonese National Investment Framework (CIN) submitted to the Central African Forest Initiative (CAFI), with two main components: National Land Planning Programme (PNAT) and National Forest Resources Monitoring System (SNORF). Financing by the French Agency for Development (AFD).
07/16 to 01/17	Madagascar (Eastern moist forests) SalvaTerra	Team leader Ref: frederic.baron.88@gmail.com Mob: +261 340 590 231	Study of the drivers of deforestation and forest degradation in Western dry forests and Eastern moist forests of Madagascar - Bibliographic review, field surveys and spatial analysis in collaboration with the Catholic University of Louvain (UCL). Financing of the World Bank.
07/16	Burkina-Faso (Ouaga.) SalvaTerra	Value-chain expert Ref: l.garba@afdb.org Mob: +225 77 30 59 99	Preparation and evaluation of the Project for Cashew Development in the Comoé Basin (PADA / REDD+) with focus on Component 1 - Support for Carbon Production and Carbon Sequestration. Financing of the African Development Bank (AfDB).
04/16 to 08/16	Chad (N'Djamena) SalvaTerra	Team leader Ref: Kristin.Devalue@fao.org Tel: +39 06 570 54809	Adaptation of Cancun's REDD+ safeguards in Chad's REDD+ process, following a thorough review of all existing policies and measures in the following sectors: forest, agriculture, environment, energy, land tenure, women's rights and marginalized populations' rights. Financing of FAO
04/16	France (Montpellier) SalvaTerra	Team leader Ref: raphael.manlay@agroparistech.fr Tel: + 33 4 67 04 71 26	Training course to the students of the <i>Ecole nationale du génie rural, des eaux et forêts</i> (ENGREF) in the frame of the module "Tropical forests and global change": (i) Clean Development Mechanism (CDM): key-features, forests and mitigation of climate change, state of the art and outlook for the CDM, carbon pools and GHG fluxes, project cycle, CDM guidelines, legal aspects of CDM credits trading, (ii) Similarities/differences among voluntary carbon standards, (iii) Concrete examples of CDM or voluntary carbon projects. Financing of ENGREF. Presentation (French): Salvaterra (2016). Tropical Forests and Global Change: CDM, REDD + financing and supporting the production of "zero deforestation" commodities. Montpellier, France, 3 presentations.
11/15 to 04/16	Guinea (Kankan) SalvaTerra	Team leader Ref: pendomaro@acp.int Mob: +32 2 74 30 690	Support to the Yam Farmers' Federation of Guinea to promote profitable and climate-friendly yam cropping systems (incl. avoiding deforestation): state of play of the yam value chain, assessment of the existing yam cropping systems, proposals for improved yam cropping systems, field trials (<i>Mother and Baby Trials</i>). Financed by the Global Climate Change Alliance of the European Union (GCCA). Report (French): Salvaterra (2016). "Super KUU" - Promotion of sustainable, profitable and "climate friendly" yam culture in Upper Guinea, Guinea Conakry. Conakry, Guinea, 137 p.
10/15 to 11/15	Mali (Bamako) SalvaTerra	Team leader Ref: b.flipo@geres.eu Mob: +223 93 07 04 90	Final evaluation of the project « Climate and Energy In West Africa (CEnAO), project aiming at disseminating improved cookstoves in Mali and Benin and at promoting the use of green charcoal. Financed by the NGO GERES. Report (French): Salvaterra (2015). Final evaluation report of the Climate and Energy in West Africa project (GERES).

			Bamako, Mali, 154 p.
10/15	West Africa SalvaTerra	Team leader Ref: b.sarr@aghrymet.ne Mob: +227 94 95 42 90	Support to the Inter-State Committee to Fight against Drought in the Sahel (CILSS) to prepare the CILSS / ECOWAS countries to climate negotiations (COP21). (i) Preparation of country profiles on the integration of climate change into development strategies (Niger, Ivory Coast, Chad, Burkina Faso, Senegal and Benin); (ii) Support to the elaboration of the COP21 preparation bulletin. Financed by the Global Climate Change Alliance of the European Union (GCCA). Reports (French): Salvaterra and CILSS (2015). Review of statements of the CILSS-ECOWAS region and the UNFCCC submissions made by three negotiating groups (Africa, G77 + China and least developed countries) in preparation for COP21. Ouagadougou, Burkina Faso, 47 p. Salvaterra (2015). Analysis of the consideration of climate change in the development policies of Ivory Coast, Niger, Senegal, Chad, Burkina Faso and Benin. Ouagadougou, Burkina Faso, 6 documents.
10/15	Guinea (Conakry) SalvaTerra	Team leader Ref: lecointrec@afd.fr Mob: +224 621 057 767	Prefeasibility study of a national mapping of agro-ecological areas: identification of existing sources of data at national scale, assessment of local capacities in terms of GIS and remote-sensing, practical recommendations to start the mapping using very high resolution SPOT satellite images. Financed by the French Agency for Development (AFD). Report (French): Salvaterra (2015). Prefeasibility mission of an agro ecological zoning in Guinea Conakry. Conakry. Guinea, 57 p.
08/15	Kenya (from France) SalvaTerra	Team leader Ref: lvo.Mulder@unep.org Mob: +254 727 627 338	Assessment of socio- economic and environmental costs and benefits (fight against deforestation, greenhouse gas emission reduction, total economic value of preserved forests) of improving efficiency in the Kenyan forestry sector: (i) logging operations, (ii) processing of logs, (iii) production of charcoal, (iv) wood energy consumption by households and (v) industrial consumption of wood energy. Financed by United Nations Environment Program (UNEP). <i>Report (English):</i> Salvaterra (2015). Opportunities for Improving efficiency in forestry and forest product processing operations in Kenya. Nairobi, Kenya, 77 p.
04/15 to 05/15	Africa (from France) SalvaTerra	Team leader Ref: colindeverdierek@afd.fr Tel: +33 1 53 44 47 97	Final evaluation of the projects "Satellite observation of tropical forests (OSFT)" and "Capacity-building and access to satellite data for forest monitoring in Central and West Africa (GEOFORAFRI)" and feasibility study of the project "Forest monitoring by satellite in Central and West Africa (OSFACO)" financed by AFD / Airbus Defence and Space and implemented by the National Geographic Institute of France (IGN-FI): final evaluations of the projects OSFT and GEOFORAFRI, state of play of satellite observation in the 10 targeted countries (Cameroon, CAR, Congo, DR Congo Gabon, Guinea, Liberia, Togo, Benin, Burkina-Faso) and elaboration of the OSFACO project document. Financed by the French Agency for Development (AFD). <i>Report (French):</i> Salvaterra (2015). Feasibility study of the Spatial Observation of Central African and Western Forests Project (OSFACO). Paris, France, 141 p.
03/15 to 09/15	DR Congo (Kinshasa) SalvaTerra	Farmers' coop. expert Ref: adeline.dontenville@efi.int Mob: +34 674 02 21 15	Support to set up the agroforestry cooperative "GICET N'sia mala mala" in DR Congo, territory of Kwamouth (Bandundu Province): (i) mapping and preparation of land tenure securitization process on 10,500 ha of land under customary land-rights for acquisition by the cooperative, (ii) preparation of the cooperative's business plan (2015 to 2027), (iii) revaluation of share capital, revision of statutes and institutional arrangements. Financed by the European Forest Institute (EFI). <i>Report (French):</i> Salvaterra (2015). Report on the technical assistance to support the creation of an agroforestry cooperative led by the Teke ethnic group (GICET). South Kwamouth, RD Congo, 75 p.

04/15	France (Montpellier) SalvaTerra	Team leader Ref: raphael.manlay@agroparistech.fr Tel: + 33 4 67 04 71 26	Training course to the students of the <i>Ecole nationale du génie rural, des eaux et forêts</i> (ENGREF) in the frame of the module "Tropical forests and global change": (i) Clean Development Mechanism (CDM): key-features, forests and mitigation of climate change, state of the art and outlook for the CDM, carbon pools and GHG fluxes, project cycle, CDM guidelines, legal aspects of CDM credits trading, (ii) Similarities/differences among voluntary carbon standards, (iii) Concrete examples of CDM or voluntary carbon projects. Financed by ENGREF. <i>Presentation (French): Salvatera (2015). Tropical Forests and Global Change: CDM, REDD + financing and supporting the production of "zero deforestation" commodities. Montpellier, France, 3 presentations.</i>
09/14 to 03/16	Côte d'Ivoire (Abidjan) SalvaTerra	Teal leader Ref: thomas.sembres@efi.in Mob: + 34 661 370 001	Technical assistance to the Government of Côte d'Ivoire for the implementation of the program "zero deforestation in the cocoa sector by 2020": identification of pilot agro-industrial firms, of pilot supply basin areas, design of a Monitoring, Reporting, and Verification (MRV) system for forest carbon stocks, identification of alternative (profitable and climate-friendly) cocoa cropping systems, setting up of farmers' trials. Financed by the European Forest Institute (EFI). <i>Presentation (French): Salvatera (2015). Production of "zero deforestation" cocoa and palm oil in Ivory Coast: why and how ? Abidjan, Ivory Coast, 41 slides.</i>
10/14 to 03/15	Chad (BET) SalvaTerra	Team leader Ref: a.atwa@unido.org Tel: +43 1 260 26 33 03	Complete studies of the sesame / dates / natron value chains and elaboration of projects for the development of these value-chains. Financed by the United Nations Industrial Development Organisation (UNIDO). <i>Report (French): Report (French): Salvatera (2015). Feasibility study of strengthening the value chains of natron and dates in Chad. Ndjamena, Chad, 133 p.</i>
12/14	Cameroon (Yaoundé) SalvaTerra	Team leader Ref: alexandre.borme@credit-agricole-sa.fr Mob: +33 6 63 32 11 41	2 nd phase of a long-term support to Biotropical, society exporting double certified (organic and fair trade) tropical fruits (mango, pineapple, passion fruit, etc.), to enhance its volumes of supply and export, by structuring small scale farmers' organisations. Financed by BIO, joint-venture Grameen Bank-Crédit Agricole, Investisseurs et Partenaires (I&P). <i>Report (French): Salvatera (2014). Second phase of support to the organization of small producers working with BADC. Douala, Cameroon, 91 p.</i>
10/14	Mali (Bamako) SalvaTerra	Team leader Ref: b.sarr@agrhyet.net Mob: +227 91 48 55 68	Support to the Inter-State Committee to Fight against Drought in the Sahel (CILSS) to prepare the CILSS / ECOWAS countries to climate negotiations (COP20). (i) Preparation of country profiles on the integration of climate change into development strategies (Niger, Ivory Coast, Chad, Burkina Faso, Senegal and Benin); (ii) Support to the elaboration of the COP20 preparation bulletin. Financed by the Global Climate Change Alliance of the European Union (GCCA). <i>Report (French): Salvatera (2014). COP20 special bulletin. CILSS, Ouagadougou, Burkina Faso, 30 p.</i>
03/14 to 06-14	DR Congo (Kinshasa) Brazil (Brasilia) SalvaTerra	Team leader Ref: adeline.dontenville@efi.int Mob: +34 674 02 21 15	Identification of relevant REDD+ related topics for implementing a bilateral co-operation between Brazil and DR Congo, and design of detailed project proposals to be approved by the two Governments and partly funded by the Amazon Fund. Financed by the European Forest Institute (EFI). <i>Components reports (French) and policy briefing note (English): Salvatera (2014). Identify the South-South cooperation opportunities between Brazil and the DRC for REDD + and forest governance. Kinshasa, DR Congo (4 documents). <i>Project-memos (3) and SNSF project idea note (1) (French): Salvatera (2014). South-South Cooperation between Brazil and DRC: Project memos and SNSF project idea note. Kinshasa, DR Congo (4 documents).</i></i>
01/14 to 08/14	CILSS/CEDA O countries (from France)	Team leader Ref: b.sarr@agrhyet.net Mob : +227 91 48 55 68	Production of educational tools on Climate Change (scientific basics, issues, integration into national policies, funding, conventions, impacts on agriculture and adaptation practices, etc.) for a wide range of stakeholders (policy makers, students, negotiators, journalists, etc.). Financed by SOS Sahel and the French Global Environment Facility (FFEM). <i>Training materials (French): SalvaTerra and SOS Sahel (2014). Training materials on climate change in West Africa (Part 1: #1 à #5). Ouagadougou, Burkina Faso, 5 documents. SalvaTerra and SOS Sahel (2014). Training materials on climate change in West Africa (Part 2: #6 à #10). Ouagadougou, Burkina Faso, 5 documents.</i>

03/14	Guinea (country wide) SalvaTerra	Team leader Ref: dcook@field.winrock.org Mob: +224 669 548 369	Baseline study of the Global Climate Change Integration Pilot Project to be integrated into the Agriculture Extension and Market Improvement Project (AEMIP): interviewing more than 150 stakeholders from Ministries (Agriculture, Forestry, Livestock, Fisheries, Environment), Farmers' organisations (in various sectors: food crops, cash crops, livestock), agribusiness companies, national agriculture research centres, agriculture training centres and universities. Financed by the United States' Cooperation (USAID, through Winrock). <i>Report (English): Salvatera (2014). Baseline study for the AEMIP Global Climate Change Integration Pilot. Conakry, Guinea, 110 p.</i>
07/14	Paris (France)	Agriculture expert Réf : adeline@cariassociation.org Fixe : +33 (0)4 67 55 61 18	Presentation on the impacts of climate change on agriculture in the context of desertification and land degradation as well as adaptation measures. In collaboration with IRD for the Working Group on Desertification in the "Dialogues & Exchange Days" organized by Coordination Sud, July 10, 2014 in Paris. <i>Presentation (French): SalvaTerra (2014). Climate change in the world and in sub-Saharan Africa: impacts on agriculture in the context of desertification and land degradation and adaptation measures. Paris, France, 27 slides.</i>
12/13 to 04/14	Cameroon (Yaoundé) SalvaTerra	Team leader Ref: alexandre.borme@credit-agricole-sa.fr Mob:	1 st phase of a long-term support to Biotropical, society exporting double certified (organic and fair trade) tropical fruits (mango, pineapple, passion fruit, etc.), to enhance its volumes of supply and export, by structuring small scale farmers' organisations. Financed by BIO, joint-venture Grameen Bank-Crédit Agricole, Initiatives et Partenaires (I&P). <i>Rapport (français) : Salvatera and EtcTerra (2014). Support to the organization of small producers of Biotropical Agriculture Development Company (BADC). Douala, Cameroon, 65 p.</i>
12/13 to 05/14	Algeria, Lebanon, Tunisia, Turkey SalvaTerra	Team leader Ref: ludwig.liagre@giz.de Mob: +212 661 76 92 96	Analysis of the environmental, social and economic costs & benefits, whether tradable or non-tradable, of entering the REDD+ mechanism (Algeria, Lebanon, and Tunisia) or the LULUCF mechanism (Turkey). Financed by the German Cooperation (GIZ). <i>Country reports:</i> <i>Tunisia (French): SalvaTerra (2014). Salvatera (2014). Cost-benefit analysis of REDD+ in Tunisia. Tunis, Tunisia, 63 p.</i> <i>Lebanon (French): Salvatera (2014). Cost-benefit analysis of REDD+ in Lebanon. Beirut, Lebanon, 71 p.</i> <i>Turkey (English): Salvatera (2014). Cost-benefit assessment of Implementing LULUCF accounting rules in Turkey. Ankara, Turkey, 86 p.</i>
11/13	Poland (Warsaw) SalvaTerra	Team leader Ref: b.sarr@agrhyment.ne Mob: +227 91 48 55 68	In situ support, during the COP19 in Warsaw, to the climate negotiators of the 17 West African members States of the CILSS/CEDEAO area: decryption of the state of negotiations, outreach with other States or groups of States, facilitation of inter-States positioning. Financed by the Global Climate Change Alliance of the European Union (GCCA). <i>Report (French): Salvatera (2013). Mission report on accompanying West African negotiators at the COP19. CILSS, Ouagadougou, Burkina Faso, 13 p.</i>
10/13	Burkina-Faso (Ouaga) SalvaTerra	Team leader Ref: b.sarr@agrhyment.ne Mob: +227 91 48 55 68	Support to the climate negotiators of the 17 West African members States of the CILSS/CEDEAO area to prepare the COP19 in Warsaw: scientific causes and consequences of climate change, key facts of the climate negotiations from Rio 1992 to Doha 2012, synthesis of positions of the main groups of negotiations, main issues at stake for the Warsaw negotiations, presentation of the African Union positions. Financed by the Global Climate Change Alliance of the European Union (GCCA). <i>Reports (French):</i> <i>Salvatera (2013). COP19 special bulletin. CILSS, Ouagadougou, Burkina Faso, 30 p.</i> <i>Salvatera (2014). Training materials for CILSS (i) DOE accreditation roadmap, (ii) carbon monitoring manual; (iii) training report of West African negotiators.</i> <i>Presentations (French):</i> <i>Part 1: Salvatera (2014). Science of climate change negotiations and History (2 presentations).</i> <i>Part 2: Salvatera (2014). Understanding negotiations and Assessment of the Doha negotiations (3 presentations)</i>

			<p>Part 3: Salvaterra (2014). State of play of the LULUCF and REDD+ negotiations (1 presentation)</p> <p>Part 4: Salvaterra (2014). Adaptation (NAPAs review) and "Climate" Financing (2 presentations)</p>
09/13	Burkina-Faso (Ouaga) SalvaTerra	Team leader Ref: m.duarte@afdb.org Mob: +216 23 51 62 74	<p>2nd upgrading of the R-PP of Burkina-Faso, by addressing the 2nd round of comments received from the Technical Assessment Panel (TAP) of the Forest Carbon Partnership Facility (FCPF). Financed by the African Development Bank (ADB).</p> <p>Report (French): Forest Carbon Partnership Facility (2013). Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 217 p.</p> <p>Report (English): Forest Carbon Partnership Facility (2013). Readiness Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 218 p.</p>
06/13 to 10/13	DR Congo (Kinshasa) SalvaTerra	Team leader Ref: kaseyamak@yahoo.fr Mob: +243 99 99 05 957	<p>Support to the Congolese Government in preparing the 2013-2016 Investment plan (200 million USD) of the REDD+ National Fund, based on the REDD+ National Strategy: (i) land planning, (ii) securing of land tenure, (iii) family planning, (iv) improvement of economic and environment governance, (v) sustainable forest management, (vi) sustainable cropping management, (vii) sustainable supply of wood energy and energy efficiency. Financed by the United Nations Development Program (UNDP).</p> <p>Report (French): SalvaTerra (2014). Investment Plan 2013-2016 of DRC's National REDD+ Fund (30-08-2013 version). Kinshasa, DRC, 60 p.</p>
07/13 to 12/13	Ivory Coast (Abidjan) SalvaTerra	Agro-economist expert Ref: thomas.sembres@efi.in Mob: + 34 661 370 001	<p>Support to the Ivory coast Government in assessing the environmental, social and economic costs & benefits, whether tradable or non-tradable, of entering the REDD+ mechanism for the following sectors: palm oil, rubber, cocoa, shea nut, rain-fed rice, yam, timber export, firewood. Financed by the European Forest Institute (EFI).</p> <p>Report (French): SalvaTerra (2013). Cost-benefit study of REDD+ in the Ivory Coast and the mobilization of the stakeholders of the largest agricultural and forestry sectors. Abidjan, Ivory Coast, 139 p.</p>
07/13 to 09/13	DR Congo, Ghana, Burkina-Faso SalvaTerra	Team leader Ref: m.duarte@afdb.org Mob: +216 23 51 62 74	<p>Preparation (and successful competitive selection) of three project idea notes submitted to the private window of the Forest Investment Programme (FIP): agroforestry plantations (sustainable palm oil, acacia and cassava, over 4,000 ha – 10 MUSD of budget) in DRC, teak plantation (double certified VCS and FSC, over 8,300 ha – 37,5 MUSD of budget) in Ghana, cashew nut plantation and upgrading of three processing units (double certified organic and fair trade – 6,6 MUSD of budget) in Burkina-Faso. Financed by the African Development Bank (ADB).</p> <p>Reports (English):</p> <p>Burkina Faso: SalvaTerra (2013). Climate change mitigation and poverty reduction through the development of the cashew sector in Burkina Faso. Ouagadougou, Burkina Faso, 15 p.</p> <p>Ghana: SalvaTerra (2013). Public-Private Partnership for restoration of degraded forest reserve through VCS and FSC certified plantations. Ghana, Accra, 13 p.</p> <p>DR Congo: SalvaTerra (2013). Community acacia and palm oil plantations on degraded lands to reduce deforestation in the Bandundu Province. Kinshasa, DR Congo, 21 p.</p>
07/13	Burkina-Faso (Ouaga) SalvaTerra	Team leader Ref: m.duarte@afdb.org Mob: +216 23 51 62 74	<p>1st upgrading of the R-PP of Burkina-Faso, by addressing the 1st round of comments received from the Technical Assessment Panel (TAP) of the Forest Carbon Partnership Facility (FCPF). Financed by the African Development Bank (ADB).</p> <p>Report (French): Forest Carbon Partnership Facility (2013). Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 217 p.</p> <p>Report (English): Forest Carbon Partnership Facility (2013). Readiness Preparation Plan for REDD in Burkina Faso. Ouagadougou, Burkina Faso, 218 p.</p>

04/13 to 05/13	DR Congo (Goma) SalvaTerra	Team leader Ref: mone.vangeit@wwf.be Fixe : +32 2 340 09 58	Final evaluation of the project « Eco-Makala: promotion of sustainable wood-supply to rural populations closed to the city of Goma », implemented from 2009 to 2013 in the Nord Kivu. Financed by WWF-Belgium (through EuropeAid funding). <i>Report (French): Salvaterra (2013). Final evaluation of the EcoMakala project: sustainable wood energy production and supply to the rural population of the city of Goma. Kinshasa, DR Congo, 140 p.</i>
03/13 to 04/13	Kenya SalvaTerra	Team leader Ref: alfredgichu@yahoo.com Office: +254 722 787 403	Assessment of carbon benefit-sharing mechanisms in place in seven REDD+ projects in Kenya and synthesis of lessons to be learnt for other REDD+ projects. Financed by the United Nations Development Program (UNDP). <i>Report (English): SalvaTerra (2013). Carbon rights and benefit-sharing for REDD+ in Kenya: assessment and recommendations. Nairobi, Kenya, 45 p.</i>
01/13 to now	France, 18 African LDCs SalvaTerra	Team leader Ref: alexandre.meybeck@fao.org Office: +39 34 69 89 65 33	Support to the FAO in assessing the relevance and the effectiveness of adaptation policies and measures related to agriculture, forestry and rural development sectors in the National adaptation plan of actions (NAPAs) submitted by 18 African countries (out of the 33 African least developed countries). Financed by the FAO. <i>Documents (French): Salvaterra (2013). Comprehensive analysis of the agricultural measures contained in the National Action Plans for Adaptation of 18 sub-Saharan countries: study report and presentation. Italy, Roma, 95 p / 70 slides.</i>
12/12	Morocco (Rabat) SalvaTerra	Team leader Ref: ludwig.liagre@giz.de Mob: +212 661 76 92 96	Supporting the Kingdom of Morocco (High Commission for Water, Forests and Desertification Control) in the analysis of the environmental, social and economic costs & benefits, whether tradable or non-tradable, of entering the REDD+ mechanism to protect forest carbon. Financed by the German Cooperation (GIZ). <i>Report (French): SalvaTerra (2012). REDD+ costs and benefits assessment for the Kingdom of Morocco. Rabat, Morocco, 71 p.</i>
09/12	Ivory Coast (Abidjan) SalvaTerra	Team leader Ref: pendomaro@acp.int Mob: +32 2 74 30 690	Support to the Ivory coast Government in elaborating a REDD+ roadmap, in relation with the preparation of the VPA FLEGT. Financed by the European Union, through the Global Climate Change Alliance (GCCA). <i>Report (French): Salvaterra (2012). Roadmap for REDD+ in the Republic of Côte d'Ivoire. Abidjan, Ivory Coast, 85 p.</i>
09/12 to 11/12	Niger (Niamey and countryside) SalvaTerra	Team leader Ref: emilio.hernandez@fao.org Off: +39 06 570 55910	Support to the Food and Agriculture Organisation (FAO) in the setting up of bank guarantees in eight farmer Federations, in order to incentivize farming investment. Financed by the FAO. <i>Report (French): SalvaTerra (2012). Technical support to eight farmers' federations to use the IARBIC guarantee funds. Niamey, Niger, 151 p.</i>
08/12 to 12/12	DR Congo (Kinshasa) SalvaTerra	REDD+ expert Ref: f.quintanilha@afdb.org Mob: + 216 276 98 19 28	Support to the African development bank (ADB) in the design of a large REDD+ project in the Kisangani and Mbuji-Mayi / Kananga basins (24 M\$). Financed by the African Development Bank (ADB) and the Forest investment programme (FIP). <i>Report (French): SalvaTerra (2012). Bibliographic synthesis for the preparation of the REDD+ MBKIS project in the DRC. Kinshasa, DR Congo, 19 p.</i>

Since January 2010	France (Paris) ONF International	Director of the climate change unit Ref: julien.demenois@onf.fr Mob: +33 6 98 80 55 78	- Day to day management of a team of 12 people specialised in (i) Elaboration of national programmes or local projects related to afforestation/reforestation (A/R) - carbon sinks under the Clean Development Mechanism (CDM) of the Kyoto protocol or under the Voluntary Carbon Standard (VCS), Plan vivo, Carbon fix, etc., reduction of greenhouse gases (GHG) emissions from deforestation or forest degradation, or conservation and increase of forest carbon stocks (REDD+), (ii) Forest inventories using satellite and ground survey data for the monitoring, reporting and verification (MRV) of GHG emissions and removals from sinks and sources of the land use, land use change and forestry (LULUCF) sector, (iii) Modelling of future GHG emissions and removals from the LULUCF sector, (iv) Carbon financing of A/R or REDD+ activities, (v) Projects of adaptation to the effects of climates changes (alert systems and promotion of climate-smart grazing and farming systems); - Institutional support to countries or group of countries (e. g. Congo basin countries, South and Central American countries) to elaborate their positions in the LULUCF and REDD+ negotiations under the United Nations framework convention on climate change (UNFCCC).
06/12	Rabat (Morocco) ONFI	Ref: ludwig.liagre@giz.de Mob: +212 661 76 92 96	Organisation and facilitation of a workshop aimed at preparing a REDD+ strategy in Morocco, with participants from the Environmental and Forestry Ministries. Financed by the German Cooperation (GIZ). Report (French): BOUYER O. (2012). Workshop on the "forest-climate" Moroccan strategic position - debriefing in Morocco from 4 to 8 June 2012. Rabat, Morocco, 10 p.
02/12	Great Britain (London) ONFI	Ref: brice.lalonde@wanadoo.fr	Representative of the French delegation at the 1 st meeting of the REDD+ partnership (with more than 70 countries participating) under the co-Presidency of Australia and the Democratic Republic of Congo. Financed by ONFI. Report (French): ONFI (2012). Minutes of the REDD + Partnership meetings between April 2011 (Bangkok) and February 2012 (London). Paris, France, 11 p.
02/12	Chile (Santiago) ONFI	Ref: mariana.antonissen@cepal.org Office: +56 2 2102394	18 th regional workshop of the climate change and forestry experts of the Latin-American countries: organisation and facilitation of workshops, aimed at drawing lessons from the COP17 of Durban and preparing the next climate talks. Organised jointly by Economic Commission for Latin America and the Caribbean (ECLAC) and ONFI. Financed by the French co-operation and ECLAC. Presentation (French and Spanish): ONFI (2012). Presentation materials produced as part of the support to Latin American countries negotiators on climate change and forests between 2010 and 2012. Paris, France, 70 slides.
