

Eva HAENTJENS

Experte agriculture, forêt et environnement
SalvaTerra SAS – www.salvaterra.fr

Surname : HAENTJENS **First name :** Eva, Luna
Date of birth : 1991/09/26 **Marital status :** Married
Nationality : French **Skype :** Eva Haentjens
Phone number : +33 6 78 61 97 72 **Email :** e.haentjens@salvaterra.fr

Diplomas:

Institutions	Dates	Title of qualification awarded
ISTOM - Ecole supérieure d'agro-développement international	2009 - 2014	Engineer in tropical agriculture and rural development, specialized in: « Territories, risks management and land planning »

Languages (1 –excellent; 5 –basic):

Languages	Comprehension	Oral	Written
French	1	1	1
English	1	1	1
Portuguese	1	1	1
Spanish	1	1	1
Bahasa Indonesia	3	3	3

Computer skills: Windows/Mac/Linux -Word, Excel & PowerPoint and open source equivalents -GIS software: QGIS
Database management: Access

Main skills and abilities:

- **Areas of expertise:** Agriculture; Livestock; Spatial planning; Cartography; Environment and natural resources management; Consultation processes and facilitation; Multi-agent modelling; Resilience; Adaptation to climate change; Capacity building for development actors; Commodity chain structuring; Support to professional agricultural organisations.

- **Context analysis, territorial studies, landscape approach, participatory and collaborative methods, sociology of organisations and analysis of stakeholders' strategies:** Analysis of agricultural, food and economic issues, but also political, cultural, security and social issues, etc. Participatory, multisectoral and inclusive approach; Knowledge issues and stakeholders Mapping; (Cambodia, Madagascar, Brazil, Indonesia); Territorial modelling (Brazil, France); Sociological and socio-economic surveys, stakeholders' characterisation (France, Madagascar, Brazil); Participatory and collaborative methodologies for community diagnosis and planning (Cambodia, Brazil, Indonesia); Multi-agent modelling (Brazil, France).

- **Training, consultation, facilitation:** Development and facilitation of training courses (Brazil, Indonesia); Coordination and facilitation of workshops for the co-construction of agricultural models (Brazil); concerted management (France, Brazil); Good agricultural practices (Indonesia, France).

- **Support/ advice for rural development projects:** Ad hoc support to strengthen the impact of field activities (Madagascar, Indonesia); agroecology, erosion control and fire-fighting (Madagascar, Brazil, Indonesia);

- **Agriculture and forestry commodities value/supply chains analysis in developing countries:** non-timber forest products (Brazil), palm oil (Indonesia, Madagascar), cassava (Brazil), livestock (Madagascar, Brazil), poultry (Madagascar), rice (Cambodia, Madagascar), fisheries resources (Cambodia, Brazil), fuelwood (France).

Country experience :

<i>Countries</i>	<i>Dates</i>
Mexico	July to August 2010
Cambodia	May to September 2012
Madagascar	May to August 2013
Brazil	March 2014-October 2014 ; January 2015 – Septembre 2015
France	January 2016 – August 2016
Indonesia	Decembre 2016 – Decembre 2018 (expatriation)
France	January 2019 – January 2020

Professional experience :

Dates	Localisation	Position et référence	Description
20/03 (ongoing)	France SalvaTerra	Expert in sustainable agriculture and supply chains Ref : laureline.monteignies@egis.fr Tel : +33 4 67 13 91 49	<i>Backstopping on the feasibility study and preparation of the financing proposal and its annexes for the project "Talaky Be - Adapting agriculture to climate change and strengthening the resilience of rural communities in Southeast Madagascar" in the framework of the ADAPT'ACTION Facility on behalf of AFD.</i>
20/03 (ongoing)	France SalvaTerra	Environment and agriculture expert Ref : Sareme.Gebre@iucn.org	<i>Backstopping on the "Analysis of the context, opportunities, options and challenges for the establishment and promotion of responsible and sustainable value chains in the extractive industries and non-timber forest products (NTFP) sectors in Central and West Africa", palm oil section in Cameroon.</i>
20/03 (ongoing)	France SalvaTerra	Forestry expert Ref: h.derevel@franceboisforet.fr Tel: +33 1 44 68 18 56	<i>Feasibility study to identify conditions and strategic focus to an accelerated development of the eMOBOIS program for wood supply. Documentary analysis, semi-structured interviews with operators in the forest-wood sector, online survey. Wood sector structure analysis, identification and quantification of potential eMOBOIS users in the sector's different segments, identification of specific needs and estimation of the potential benefits of eMOBOIS's adoption by sector. Recommendations to put in place favourable conditions for the success of the program, proposal of a strategic roadmap and action plan for the intensive implementation of the tool.</i>
20/02	France SalvaTerra	Environment and agriculture expert Ref : marie.LeGuillouzic@bettercotton.org Tél : (+41) 22 93 91 250	<i>Production of training material on climate change adaptation and mitigation techniques (Climate-smart agriculture) and the financing strategies of Climate projects for cotton sector stakeholders, members of the Better Cotton Initiative and PU Managers (BCI).</i>
17/01 to 18/12	Indonesia SPKS – CIRAD	Consultant Ref : victor.baron@cirad.fr Tel : (+33) 4 67 61 56 10	<i>Study of the production basin and oil palm sector in Indonesia. Study of the origins and establishment of oil palm by smallholders in Indonesia (adoption and dissemination of innovation). (confidential documents)</i>
17/01 to 18/12	Indonesia SPKS – CIRAD	Consultant Ref : victor.baron@cirad.fr Tel : (+33) 4 67 61 56 10	<i>Support for the development of farmer's organisation Serikat Petani Kelapa Sawit (SPKS) through the development of replanting strategies and strategic data protection plans. (confidential documents)</i>
17/01 to 18/12	Indonesia SPKS – CIRAD	Consultant Ref : victor.baron@cirad.fr Tel : (+33) 4 67 61 56 10	<i>Management of field implementation and data collection of the census and characterization of oil palm smallholders for IndoFamily Farm Project implemented by SPKS in Riau province, Central Sumatra on behalf of CIRAD. (confidential documents)</i>
17/01 to 18/12	Indonesia SPKS – CIRAD	Consultant Ref : victor.baron@cirad.fr Tel : (+33) 4 67 61 56 10	<i>Training and support of SPKS survey teams in palm agronomy, survey methods and GIS. Project planning, participatory mapping and plot surveys in Riau province (Sumatra). (confidential documents)</i>
16/01 to 16/08	France LabEx Dynamiques et Territoires	Companion modelling expert Ref : nicolas.becu@cnrs.fr Tel : (+33) 5 16 49 67 94	<i>Implementation of a "serious game" to enable stakeholders in the energy transition processes to build strategies on a territorial scale in the framework of the TEPOS projects (Territoires à Energie Positive), more specifically on sustainable forest management for fuelwood (wood chips, BRF, etc.) and wind energy. Coordination and facilitation of consultation sessions around the platform with stakeholders of the wood sector.</i> <i>Anselme, Becu, Haentjens et al., un jeu pour atteindre l'autonomie énergétique, 8p</i>

16/01 to 16/08	France LabEx Dynamiques et Territoires	Companion modelling expert Ref : nicolas.becu@cnr.fr Tel : (+33) 5 16 49 67 94	<i>Study of the French wood-energy sector structure, of the regulatory frameworks resulting from the law on energy transition for green growth to assess the possible use of a "serious game" in the energy transition process.</i> <i>HAENTJENS et al., 2016, Guide pratique du serious game transition énergétique, 25p.</i>
16/01 to 16/08	France LabEx Dynamiques et Territoires	Companion modelling expert Ref : brice.anselme@univ-paris1.fr Tel : (+33) 1 44 32 14 05	<i>Implementation of a "serious game" for the concerted and sustainable management of agricultural areas, particularly concerning the agricultural decline on French territory. Study of territorial development issues in Les baronnies provençales Area.</i> <i>HAENTJENS et al., 2016, Guide pratique du serious game Barodyssée, 25p.</i>
15/01 to 15/09	Brazil CIRAD	Consultant Ref : emilie.coudel@cirad.fr Tel : (+33) 4 67 59 38 59	<i>Implementation of the companion modelling approach (ComMod) via the coordination and facilitation of co-construction sessions of a "serious game" to model the impacts of climate variations on land dynamics and agro-extractivist production systems (fishing, slash and burn agriculture, livestock farming). Development of a hybrid numerical model based on the serious game.</i> <i>Eva HAENTJENS (2014), Transition vers une gestion durable des ressources des plaines inondables du bassin amazonien, 94p.</i>
14/03 to 14/10	Brazil CIRAD	Project manager Ref : emilie.coudel@cirad.fr Tel : (+33) 4 67 59 38 59	<i>Assessment of rural communities' adaptation capacities to climate change within the Clim-FABIAM project led by an IRD-CIRAD consortium. Study of agro-extractivist activities on deforestation areas: collect of non-timber products (medicinal plants and bark, hunting, tourism, etc.) and study of production systems. Regenerated forest plot Inventories (in slash&burn rotations).</i> <i>Eva HAENTJENS (2014), Transition vers une gestion durable des ressources des plaines inondables du bassin amazonien, 94p.</i>
13/05 to 13/08	Madagascar Agronome et vétérinaire sans frontières (AVSF)	Project manager Ref : p.hyac@avsf.org Tel : (+261) 20 22 684 97	<i>Study of the appropriation and dissemination of agricultural good practices: impact assessment of AVSF's participation in the BV LAC project. Characterization of farmer's path for adaptation of agricultural innovations in the Lake Alaotra region. Recommendations to implement new programs in the area.</i> <i>HAENTJENS et al. (2013), Etude des adoptions et des adaptations paysannes des techniques diffusées par AVSF dans le cadre du projet BVLac région du Lac Alaotra, Madagascar, 133p.</i>
12/05 to 12/09	Cambodia Worldfish Center - CGIAR	Project manager Ref : worldfish-cambodia@cgiar.org Tel : (+855) 23 223 206-8	<i>Study of rice-fish farming systems in the Tonle Sap Lake flood plains in the Siem Reap region, specifically in smallholders' nutrition and income on behalf of the Worldfish Center. Implementation of focus group discussions methods, semi-structured interviews.</i> <i>HAENTJENS (2012), Contraintes et stratégies villageoises dans les systèmes de pêche en rizières, 53p.</i>
10/07 to 10/08	Mexico Playa Viva	Project manager Ref : info@playaviva.com Tel : (+52) 758 688 0144	<i>Flora and fauna census of a private natural conservation area on behalf of the Playa Viva company. Development of a conservation and regeneration plan according to a pre-established zoning, identification of a tourist pathways and creation of awareness-raising materials for flora and fauna conservation.</i> <i>HAENTJENS et al. (2010) PlayaViva's Natural reserve : Field Guide, 50p.</i>

I, undersigned Eva Haentjens, certify that the information above faithfully reports my situation, qualifications and experience.
