

Curriculum Vitae – Johan PASQUET

Agriculture, food security & climate change adaptation expert

23 years of work experience

SalvaTerra SAS – www.salvaterra.fr

Surname:	PASQUET	First name:	Johan
Date of birth:	07/11/1977	Marital status:	Common-law union, 2 children
Nationality:	French	E-mail:	j.pasquet@salvaterra.fr
Mobile phone:	+33 6 38 66 14 15	Skype:	live:.cid.8a93e71f9f4aea14

Education:

<i>Institutions</i>	<i>Dates</i>	<i>Title of qualification awarded</i>
AgroParisTech (Paris Institute of Technology for Life, Food & Environmental Sciences), France	1997-2001	Master degree in Agronomy. Specialisation in rural economics and farming systems.
Laval University, Quebec, Canada	1999-2000	Master degree in Integrated Rural Development

Languages (1 – excellent; 5 – basic):

<i>Languages</i>	<i>Understanding</i>	<i>Speaking</i>	<i>Writing</i>
French	1	1	1
English	1	1	1

Computer skills:

Word, Excel, Power Point. Work experience on ArcView GIS software.

Key skills and competencies:

- **Agrarian system analysis, livelihoods, food security & climate change vulnerability assessments:** intensive poultry farming value chain in Guinea; sustainable agricultural water management practices in Tunisia and Italy; effects of climate change on agropastoral sector in the Senegal River Valley; local and quality supply for school feeding and other public catering in Martinique; study of agricultural compensatory measures in Mayotte; farming systems & other livelihoods in forest landscape in Liberia, national protected area in Laos and remote areas in Myanmar; agriculture, land tenure & natural resources management in Myanmar; short-term & root causes of food insecurity in Haiti; household economics in Haiti, Chad and Sudan; opium growers' strategies, fruit tree development, chronic poverty & gender issues, food economics, irrigation systems & water management in Afghanistan; lowland paddies & upland shifting cultivation in Laos.
- **Methodological support, strategic review and design of food security, resilience, natural resources management & smallholder farming programmes or development plans:** agricultural development plan of Saint Barthélemy island; financing mechanisms for the agro-ecological transition in West Africa; forest restoration in pastoral area in Senegal; landscape development and management plan in Madagascar; review on Nature-based Solutions for the adaptation of smallholder agriculture worldwide; community forestry in DR Congo; soil fertility management, crop-livestock integration, agroecology & climate-resilient agricultural practices in Mali; EU Food security & Resilience strategy in Myanmar; drought-resilient farming systems & livelihoods in Haiti; alternatives to slash-and-burn agriculture, crop diversification, soil conservation and community rice banks in Myanmar; livelihood analysis & vulnerability monitoring in Sudan; Early Recovery cluster's M&E system in Myanmar; M&E system of a nationwide community development programme in Afghanistan.
- **External evaluations of rural development, food security & livelihoods projects:** WFP's country strategic plan for Guinea; agricultural innovations, partner strengthening and advocacy in Madagascar; sustainable food systems, family farming & agroecology in Uganda; climate change adaptation in Sri Lanka; school feeding, short food supply chains and territorialised food systems in Dakar suburbs, Senegal; peasant fish farming in Madagascar; drought risk reduction, farmer & other community-based organisations in Chad; community asset creation, climate change adaptation & soil conservation components of WFP Country Programmes in Senegal, Ghana and Burkina Faso; drought-tolerant potato varieties, soybean processing & multi-storey home gardening in Myanmar; irrigated systems for lowland paddy, vegetable growing, small livestock production & nutrition education in Laos; rural development programmes & autonomy process of four national NGOs funded by the Swiss Agency for Development and Cooperation in Chad; impacts of cash transfers in resettlement areas in DR Congo.

- **Design, implementation and coordination of food security and multi-sectoral programmes:** agriculture & livelihoods recovery, water access & reconstruction in Myanmar; food security, water & sanitation in Sri Lanka; fish farming, manioc processing et lowland paddy development in Liberia.
- **Capacity building for master students & aid/development practitioners, training in data collection:** agroecology and climate-smart agriculture; monitoring of community forestry impacts in DR Congo; aid project evaluation in Côte-d'Ivoire; climate change, community development & gender for EU Aid volunteers; cash transfer programming; food security in emergencies and recovery operations in Mali and Madagascar; project cycle management; food security & livelihoods surveys in Afghanistan, Chad, Haiti and Sudan.

Country experiences:

<i>Countries</i>	<i>Dates</i>
Afghanistan	November 2005 to December 2006; April-June 2007; July-August 2007; December 2007 to March 2008
Burkina Faso	January-February 2014
Chad	August 2002; November-December 2011; July 2012; February & May 2013; December 2016
Côte d'Ivoire	April 2002; May 2019
Democratic Republic of Congo	April-May 2012; June-July 2019
Ghana	February-March 2015
Guinea	April 2023; October 2023; April 2024; October 2024
Haiti	June-July 2000; November-December 2012; July 2016
Italy	May 2022
Laos	April-September 2001; October 2014; February-March 2018
Liberia	December 2002 to March 2003; May-June 2024
Madagascar	October 2017; November-December 2019; March 2020 (remote); July 2022
Mali	March & May 2016; September 2018
Martinique (France)	November 2022
Mayotte (France)	June 2021
Myanmar	September 2008; October 2009 to August 2011; September-October 2013; June 2014; May-June 2015; March-April 2017; June-July 2017
Saint Barthélemy	November 2024
Senegal	November-December 2015; October 2018; November 2020; March 2021 (remote); February 2023
Sri Lanka	May 2003 to May 2005; September 2020 to February 2021 (remote)
Sudan	November 2008; January-March 2009
Tunisia	June 2022
Uganda	December 2021; January 2025

Professional experiences

<i>Dates</i>	<i>Location & employer</i>	<i>Position & reference</i>	<i>Description</i>
Since 09/19	France SalvaTerra	Agriculture, environment & forestry expert Ref: Olivier Bouyer o.bouyer@salvaterra.fr	Expertise and advisory services for developing countries, with a focus on the following topics: agriculture, agroecology, food security, livelihoods, natural resources management and climate change adaptation.
Since 11/24	Uganda SalvaTerra	Team leader Ref: Lieven Peeters lieven.peeters@ug.ilesdepaix.org	Mid-term evaluation of a 5-year project aiming at building more sustainable food systems (SFS) through the promotion of agroecological transition, implemented by two Belgian NGOs (Humundi and Iles de Paix) and 6 national partners. Evaluation of i) pilot actions towards SFS in a Rwenzori region, ii) support to social and citizen dynamics favourable to SFS, iii) territorial food governance dynamics. Financing of DGD (Belgian cooperation)
Since 09/24	Saint Barthélemy (France) SalvaTerra	Agriculture expert Ref: Maite Cohen maite.cohen@cemstbarth.com	Support in the preparation of a territorial agricultural development plan for the island of Saint Barthélemy. Diagnosis of the agricultural sector, identification of opportunities and constraints to the development of local agriculture, consultation with local stakeholders to draw up a development strategy and action plan. Financing of CEM (multi-professional economic chamber of Saint Barthélemy)
05/24 to 07/24	Liberia SalvaTerra	Agriculture expert Ref: Xavier Rufray xrufray@biotope.fr	Feasibility study and detailed design of the Project "Sustainable management of Wonegizi-Wologizi forests landscape in Liberia": agrarian diagnosis; identification of the main constraints and support needs of local producers; formulation of the project component relating to agricultural production systems and other livelihoods on the outskirts of the future Wologizi and Wonogizi protected areas. Financing of AFD.
05/24 to 07/24	France SalvaTerra	Agroecology expert Ref: Catherine Bellin-Schulz c.bellin-schulz@sidi.fr	Training in agroecological diagnosis for the Lebanese partners of SIDI (solidarity investor), including Fair Trade Lebanon (FTL): preparation and delivery of a 2-day training session aimed at providing participants with a technical background in agroecology and facilitating their adoption of an agroecological analysis grid developed by SIDI. Following the training, support to FTL field staff in using and filling in this grid with producers.
02/24 to 12/24	Guinea SalvaTerra	Team leader Ref: Jacques Hervé jacques.herve@expertisefrance.fr	Value chain studies of (i) broiler chicken, (ii) laying hens and (iii) local production of poultry feed in Guinea: analysis of value chains; mapping of stakeholders and assessment of flows; analysis of trade policies/rules and import-export data; analysis of support measures for these VCs; consumer survey; analysis of obstacles and opportunities to local production; identification of the conditions for developing the 3 VCs and of ways of drawing up a national strategy for developing intensive poultry farming in Guinea. Financing of Expertise France
02/23 to 12/23	Guinea SalvaTerra	Team leader Ref: Emmanuel Hakizimfura emmanuel.hakizimfura@wfp.org	Final external evaluation of WFP strategic plan in Guinea, including the following components: home-grown school feeding; nutrition; emergency responses; resilience of smallholders and farmer organisations; institutional capacity building. Analysis covering all WFP intervention areas from 2018 to 2023, leading to recommendations for the formulation of the next country strategic plan. Financing of WFP
09/22 to 11/23	ECOWAS countries SalvaTerra	Agroecology expert Ref: Elise Juguet ejuguet@horus-df.com	Review of financing mechanisms for agroecological transition in West Africa: mapping of existing mechanisms and identification, through case studies, of success factors and constraints to their scaling up. Recommendations for a regional public financing mechanism for agroecology. Financing of Regional Agency for Agriculture and Food.
06/22 to 10/23	Côte d'Ivoire & Tunisia SalvaTerra	Agriculture expert Ref: Juliette David j david@horus-df.com	Analysis of climate vulnerability and adaptation strategies in agricultural sectors for the responsible microfinance group Advans and its subsidiaries: identification of the most exposed value chains, desk review and drafting of summary reports on producers' vulnerability and adaptation strategies.
09/23	France SalvaTerra	Agriculture expert Ref: Daciana Papura daciana.papura@inrae.fr	Training session on climate-smart agriculture (CSA) and zero-deforestation cocoa to students in the "Agroecology and Resource Management" specialisation at Bordeaux Sciences Agro.

01/23 to 03/23	Senegal SalvaTerra	Expert Ref: Aurélie Ahmim-Richard ahmim-richarda@afd.fr	Feasibility study of the project "Dundi Ferlo - Restoration of the Ferlo for a sustainable management of pastoral forests" implemented by AVSF, WeForest, CIRAD and ISRA, in view of its approval by the French global environment facility (FFEM) steering committee. Updating of contextual elements, response to FFEM questions (choice of reforestation techniques, involvement of pastoral populations, etc.) and proposal of budget and financial plan. Financing of FFEM
01/22 to 12/22	Martinique (France) SalvaTerra	Team leader Ref: Valérie Marcelin valerie.marcelin@agriculture.gouv.fr	Study on local and quality supply of food for school feeding and other public catering in Martinique. Service commissioned by the Department of food, agriculture and forestry (DAAF) to better understand the needs of public sector catering and to initiate dialogue between producers/suppliers and buyers/managers of catering. Financing of ODEADOM.
07/22 to 10/22	France & Madagascar SalvaTerra	External evaluator Ref: Christophe Chauveau c.chauveau@avsf.org	Evaluation of the 2019-2022 multi-year partnership agreement between Agronomes et Vétérinaires Sans Frontières (AVSF) and the Agence Française de Développement (AFD), aimed at strengthening farmers' organisations and civil societies in the South for the agro-ecological transition of territories, sustainable and equitable commodity chains and adapted public policies. Field mission in Madagascar. Financing of AVSF
04/22 to 08/22	Italia & Tunisia SalvaTerra	Agriculture expert Ref: Thomas Binet thomasbinet@vertigolab.eu	Assessment of the technical and financial needs of Mediterranean farmers and other agricultural stakeholders for the adoption of sustainable water management practices. Case studies on the olive value chain in Puglia (Italy) and the almond value chain in the Governorate of Sidi Bouzid (Tunisia). Financing of Vertigo Lab (WaterShift project)
03/22 to 06/22	France SalvaTerra	External evaluator Ref: Henry de Revel h.derevel@franceboisforet.fr	Organising feedback from the members of France Bois Forêt (FBF) on the programmes financed by the interprofessional network and on the 2020-2022 interprofessional agreement, with a view to its renewal for 3 years (identification of the strengths and weaknesses of the current agreement, the strategic axes for the next one, the means and priorities of FBF).
12/21 to 01/22	Uganda SalvaTerra	Team leader Ref: Lieven Peeters lieven.peeters@ug.ilesdepaix.org	Final evaluation of a sustainable family farming project in the Mpanga watershed implemented by Iles de Paix (Belgian NGO) and focusing on the promotion of agroecological practices through innovative approaches (integrated farm planning and participatory peasant research). Analysis of the project results and quality. Identification of main lessons learnt and recommendations for the project phase 2. Financing of DGD (Belgian cooperation).
01/20 to 09/21	France & Senegal SalvaTerra	Deputy head of mission and Resilience & Livelihoods expert Ref: Géraldine Tardivel tardivelg@afd.fr	Climate change vulnerability assessment in the three main agro-ecological zones of the Senegal River Valley. Co-construction of a climate change adaptation strategy and action plan with local stakeholders (including SAED, the structure in charge of irrigation schemes and rural development in the valley) for the development and resilience of the agropastoral sector in the valley. Coordination of a team of 10 experts. Financing of AFD (Adapt'Action). Report (French): <i>SalvaTerra & al. Analyse des vulnérabilités et élaboration des options d'adaptation. AFD, 2021.</i>
09/21	France SalvaTerra	Agroecology expert Ref: Joan Penche j.penche@sidi.fr	Design of a training session on agroecological principles/practices for the partnership managers of SIDI (International Solidarity for Development and Investment), a social business promoting the financial inclusion of vulnerable populations by strengthening a network of local actors such as farmer organisations and microfinance institutions.
06/21 to 07/21	Mayotte (France) SalvaTerra	Agriculture expert Ref: Martial Michaud martial.michaud@ac-mayotte.fr	Agricultural impact study of a vocational high school construction project in Longoni, conducted within the framework of the French rural and fishing code relating to the preliminary study and compensatory measures. Analysis of the potential effects of the project, evaluation of the financial amount of the compensation and proposal of measures for agricultural recovery/development of the concerned area.

09/20 to 02/21	France & Sri Lanka SalvaTerra	Team leader Ref: Mairiann Sun mairiann.sun@wfp.org	Final external evaluation of a climate change adaptation programme targeting more than 14,000 rural households in the Mahaweli River Basin, and implemented by the World Food Programme (WFP), UNDP and the Ministry of Environment. Coordination of a team of 4 evaluators. Programme including the rehabilitation of irrigation schemes and the diversification of income sources through community enterprises. Financing of Adaptation Fund. <i>Report: Pasquet J., Alabdeen A.U., Perrin G., Sovis I., Wanasinghe A. & Wissink T. Decentralized evaluation. Addressing Climate Change Impacts on Marginalized Agricultural Communities Living in the Mahaweli River Basin of Sri Lanka 2013-2020. Final report. Rome: WFP, 2021.</i>
04/20 to 07/20	France SalvaTerra	Nature-based Solutions expert Ref: Renée Ankarfjard renee.ankarfjard@ifad.org	Study on Nature-based Solutions (NbS) for the International Fund for Agricultural Development (IFAD) Adaptation for Smallholder Agriculture Programme (ASAP): (i) desk review on NbS concept & background; (ii) development of an analysis framework for NbS; (iii) screening of NbS within ASAP portfolio worldwide; (iv) drafting of a technical paper & policy brief on key results and lessons learnt from ASAP NbS. Financing of IFAD. <i>Publication: Ankarfjard R., Subsol S. & Harvey Williams F. Nature-based Solutions: Key results and lessons learned from IFAD's Adaptation for Smallholder Agriculture Programme, ASAP Technical Series. Rome: IFAD, 2021.</i>
09/19 to 07/20	France & Madagascar SalvaTerra	Team leader Ref: H. Razafindralambo herinarivo@yahoo.fr Jean-Marc Bouvet jean-marc.bouvet@cirad.fr	Coordination of a team of 9 experts to design a Sustainable landscape development and management plan in lazafo watershed, Madagascar. Supervision of participatory diagnosis and collaborative planning with local stakeholders. Design of an action plan including irrigation scheme developments, watershed protection, promotion of agro-ecological practices and cash crop development. <i>Projet d'agriculture durable par une approche paysage</i> (PADAP), funded by World Bank and AFD.
11/19 to 12/19	Madagascar SalvaTerra	Trainer Ref: Amir Jenane amir.jenane@secours-catholique.org	Capacity building of Caritas Madagascar in food security in emergencies and recovery operations. Design and delivery of 8-day training session for the staff in charge of programme coordination and field implementation. Financing of Secours Catholique Caritas France (SCCF).
04/19 to 08/19	DR Congo TERO	Team leader Ref: Alexandre Vigot a.vigot@tero.coop	Baseline survey and methodological support to Rainforest Foundation Norway (RFN) on community forest management. Design of a monitoring system and field assessment on environmental & socio-economic conditions and local governance in forest concessions managed by local communities in North Kivu and Equateur Province. Financing of RFN.
05/19	Côte d'Ivoire Humacoop	Trainer Ref: Marie Metz marie.metz@humacoop.com	Training on monitoring & evaluation for aid practitioners. Preparation and facilitation of a 5-day seminar. Financing of Humacoop.
10/18 to 11/18	Senegal TERO	Team leader Ref: Dominique Laure dolaure@hotmail.com	Final evaluation of a food security research-action project implemented by GRDR (French NGO) and focusing on school feeding in Dakar suburbs, short food supply chains and territorialised food systems. Analysis of the project results and quality. Identification of main lessons learnt and recommendations for the project phase 2. Financing of EU, ECOWAS & French Development Agency (AFD).
08/18 to 09/18	Mali TERO	Expert in agro-ecology Ref: Maëlle Peltier m.peltier@ifad.org	Design of a nationwide, IFAD-funded project on bio-digesters, renewable energy, resilience of production systems and integrated territorial management. Expert in charge of the project component on farming system resilience through soil fertility management, crop-livestock integration, agroecology and climate-resilient agriculture. Financing of International Fund for Agricultural Development (IFAD).
06/18	France Humacoop	Trainer Ref: Marie Metz marie.metz@humacoop.com	Training for EU Aid Volunteers. Preparation and facilitation of a training session on climate change, gender & community-based development at ADICE, a non-profit organisation active in the area of youth and international mobility. Financing of ECHO.

02/18 to 03/18	Laos E-Sud	Farming system expert Ref: Jean-Marie Le Gall jean-marie.legall@e-sud.net	Inception study on agriculture & livelihoods in Nakai-Nam Theun (NNT) National Protected Area for Agrisud International under technical assistance to the NNT Watershed Management & Protection Authority. Analysis of farming systems and their dynamics using the agrarian diagnosis methodology. Guidance on the livelihood component of the project. Financing of Nam Theun 2 Power Company.
10/17 to 11/17	Madagascar TERO	Team leader Ref: Alexandre Vigot a.vigot@tero.coop	Final evaluation of an aquaculture development project implemented by APDRA (including the dissemination of rice-fish farming innovations through farmer-to-farmer approach). Analysis of the project results and quality. Guidance on new project design and implementation in the Highlands. Financing of AFD.
06/17 to 07/17	Myanmar TERO	Agriculture & NRM expert Ref: Floriane Thouillot thouillot@gret.org	Inception study for GRET on agriculture, land tenure and natural resources management in Kyauktaw Township, Rakhine State. Identification of (i) the key agroecological, socio-economic & political factors which condition farming practices and NRM; and (ii) the main constraints and risks facing communities and their coping strategies. Guidance on project implementation strategy and the design of activities. Financing of EU.
03/17 to 04/17	Myanmar Transtec SA	Food security & resilience expert Ref: Mirella Mokbel mokbelm@bluewin.ch	Mid-term review of EU Food security & Resilience strategy in Myanmar. Stock-taking of past and current EU-funded programmes and guidance on resilience building strategy with focus on conflict-affected areas (Kachin & Rakhine States). Financing of EU Delegation to Myanmar.
12/16 to 02/17	Chad Solidarités International	External evaluator Ref: Cédric Fioekou ayihvi@gmail.com	Final evaluation of an EU-funded project to reduce drought risks and build farmer organisations (FO) capacities, implemented by Solidarités International in Batha region (Sahel). Focus on the sustainability of FO and other community-based organisations (village savings and loan associations, cereal and fodder banks, water user groups, etc.). Financing of EuropaAid.
07/16 to 09/16	Haiti French Red Cross	Food security expert Ref: Marine Rueff marine.rueff@gmail.com	Food security and livelihoods assessment in Artibonite and Ile de la Gonave following a 2-year drought. Project design to promote drought-resilient farming systems and livelihoods and improve food security on a long-term basis. Proposal writing under EuropeAid format. Financing of French Red Cross.
06/16	France Groupe URD	Trainer Ref: Anna Lear alear@urd.org	Training on cash transfer programming in emergencies. Preparation and facilitation of a training session for future logisticians at Bioforce Institute (aid work training and career advisory centre). Financing of Bioforce.
03/16 and 05/16	Mali Groupe URD	Trainer Ref: Bonaventure Sokpoh bonasokpoh@hotmail.com	Capacity building of Caritas Mali in food security in emergencies and recovery operations. Design and delivery of 2-week training session for the staff in charge of programme coordination and management. Financing of Secours Catholique Caritas France.
10/15 to 02/16	Senegal Groupe URD & IRAM	External evaluator Ref: Cécile Patat c.patat@iram-fr.org	Mid-term evaluation of WFP Country Programme 2012-2016. Evaluation of the resilience component including village cereal banks, lowland development and a pilot initiative combining productive asset creation with agricultural insurance, savings and loan schemes. Financing of WFP. <i>Report (French): Mokbel Genequand M., Pasquet J & Seck K. Evaluation d'opération. Sénégal, Programme de Pays Sénégal 200249: évaluation à mi-parcours du Programme de Pays du PAM (2012-2016). Rome: WFP, 2016.</i>
06/15 to 08/15	Myanmar Consortium of Dutch NGOs (ZOA)	External evaluator Ref: Eh Law Hsaw ehlawsaw@cdnmyanmar.org	Final evaluation of the EU-funded Innovative Livelihoods project implemented by Consortium of Dutch NGO's (CDN) and World Concern Myanmar. Specific focus on project impacts, sustainability and potential for replication. Identification of main lessons learnt and recommendations for future programming. Financing of EuropaAid.
01/15 to 04/15	Ghana Groupe URD & IRAM	External evaluator Ref: Henri Leturque h.leturque@iram-fr.org	Mid-term evaluation of WFP Country Programme 2012-2016. Evaluation of asset creation activities, which aim to increase resilience against climatic shocks and strengthen rural livelihoods. Analysis of the interactions between the Country Programme and the Purchase for Progress (P4P) initiative, which promotes smallholder farmers' access to markets. Financing of WFP. <i>Report: Gardner A., Pasquet J. & Casely-Hayfor L. Operation evaluation. Country Programme Ghana 200247 (2012-2016). Rome: WFP, 2015.</i>

10/14 to 11/14	Laos French Red Cross	External evaluator Ref: Sendy Veerabadren sendy.veerabadren@croix-rouge.fr	Final evaluation of an EU-funded food security & nutrition project in Sayaboury Province. Analysis of intervention strategy, implementation methods, project results & sustainability. Identification of main lessons learnt and recommendations for the design of future similar projects in Laos. Financing of EuropAid.
05/14 to 07/14	Myanmar Solidarités International	Food security expert Ref: Vincent Panzani vpanzani@yahoo.fr	Vulnerability assessment and programme review in Southern Chin State. Appraisal of the root causes of food insecurity and the resilience capacities of rural households in upland areas. Strategic and technical recommendations for future projects. Financing of DANIDA.
12/13 to 03/14	Burkina Faso Groupe URD & IRAM	External evaluator Ref: Cécile Patat c.patat@iram-fr.org	Mid-term evaluation of WFP Country Programme 2011-2015. Evaluation of the rural development component of the programme including Food for Assets to preserve the production potential and reduce disaster risks in 3 regions (Sahel, North and East). Financing of WFP. <i>Report (French): Mokbel Genequand M., Daba-Bengualy M., Salifou K. & Pasquet J. Evaluations d'opérations. Burkina Faso, Programme de Pays 200163 « Burkina Faso 2011-2015 ». Rome: WFP, 2014.</i>
10/13 to 11/13	Myanmar Action Contre la Faim	Food security expert Ref: Victor Kiaya vkiaya@actioncontrelafaim.org	Food security and livelihoods project feasibility study in Southern Chin State. Rapid appraisal of household livelihoods and local farming systems. Recommendations to refine ACF project activities (including alternatives to shifting cultivation and community food banks). Financing of DANIDA. <i>Report: Pasquet J. Food security & livelihoods project feasibility study in Paletwa Township (Chin State, Myanmar). ACF, 2013.</i>
02/13 to 05/13	Chad Solidarités International	Food security expert Ref: Cédric Fioekou ayihvi@gmail.com	Livelihood assessment and methodological support to the project team in Batha region (Sahel zone). Household economy survey. Development of methods and tools to target project beneficiaries and monitor vulnerability to food insecurity. Financing of ECHO.
11/12 to 01/13	Haiti French Red Cross	Food security expert Ref: Sendy Veerabadren sendy.veerabadren@croix-rouge.fr	Assessment of the food security and agriculture sector situation in Artibonite region. Definition of short term strategies to improve rural population's resilience to natural disasters through livelihoods recovery. Recommendations for long term agricultural development projects. Financing of French Red Cross.
06/12 to 08/12	Chad Groupe URD	Team leader Ref: Véronique De Geoffroy vdegeoffroy@urd.org	Evaluations of the rural development programmes and autonomy process of two national NGOs funded by the Swiss Agency for Development and Cooperation (SDC). Fieldworks in Sahel and Logone valley. Financing of SDC.
04/12 to 05/12	DR Congo Solidarités International	External evaluator Ref: Peggy Pascal peggypascal@yahoo.fr	Impact assessment of a cash transfer project aiming at strengthening the livelihoods and coping mechanisms of long-term returnees in Ituri. Financing of UNICEF. <i>Article: Pasquet J. Key results of the ARCC project carried out by Solidarités International in the DRC. Solidarités International, 2012.</i>
11/11 to 01/12	Chad Groupe URD	Team leader Ref: Véronique De Geoffroy vdegeoffroy@urd.org	Evaluations of the rural development programmes and autonomy process of two national NGOs funded by the Swiss Agency for Development and Cooperation (SDC). Fieldworks in North-eastern Chad. Financing of SDC.
10/09 to 08/11	Myanmar Solidarités International	Programme coordinator Ref: Matthew Gray matthewegray@gmail.com	Coordination of Food Security, Livelihoods Recovery, Shelter, Water, Sanitation & Hygiene promotion programmes in Ayeyarwaddy Delta (post-Nargis cyclone recovery), Rakhine State (post-Giri cyclone recovery), Chin State (response to rodent infestation and chronic food insecurity) and Central Dry Zone (integrated development response to water shortage). Total budget for 2011 exceeding €2 million. Financing of ECHO, French cooperation, DFID, SDC, DANIDA, LIFT.
01/09 to 04/09	Sudan Solidarités International	Livelihood recovery coordinator Ref: Hassan el Sayed h.elsayed@institutbioforce.fr	Coordination of Livelihood Recovery projects for residents and IDPs in West and South Darfur. Mission interrupted after the Government of Sudan's decision to expel several international NGOs from Sudan. Participation in Darfur mission closure and knowledge management.
10/08 to 12/08	France & Sudan Groupe URD	Research, evaluation & training officer Ref: Véronique De Geoffroy vdegeoffroy@urd.org	Vulnerability assessment and methodological support to Solidarités in South Darfur. Development of methods and tools to analyse livelihoods and monitor vulnerabilities.

07/08 to 09/08	France & Myanmar Groupe URD	Research, evaluation & training officer Ref: Véronique De Geoffroy vdegeoffroy@urd.org	Monitoring & Evaluation consultancy for the Cluster Working Group on Early Recovery. Case study on post-Nargis Early Recovery (ER): design of the core elements of an M&E system for ER. Financing of UNDP.
12/06 to 03/08	Afghanistan Groupe URD	Research, evaluation & training officer Ref: Véronique De Geoffroy vdegeoffroy@urd.org	<p>Review of the Monitoring & Evaluation system of National Solidarity Programme (NSP, a nationwide community-driven development programme funded by World Bank). Fieldwork in Herat and Nangarhar provinces.</p> <p>Rapid assessment for UNODC (United Nations Office on Drugs and Crime) to identify immediate priority needs of vulnerable farmers engaged in opium poppy cultivation in Badakhshan province. Financing of UNODC.</p> <p>Baseline survey of the Perennial Horticulture Development Project (PHDP) implemented by Madera (French NGO) in Kunar and Laghman provinces. Financing of EU.</p> <p>Research on chronically poor women in Afghanistan for the Ministry of Women Affairs. Financing of JICA & GTZ. <i>Report: Banzet A., Pasquet J., Karmal M. & Pascal P. Chronically poor women in Afghanistan. Kaboul: JICA & GTZ, 2008. Article: Pasquet J. Adverse contexts and household assetlessness: some keys to identify where and who the poorest people are. Field evidence from contrasting regions in Afghanistan. Humanitarian Aid on the move 2008; 1.</i></p> <p>Baseline survey of a livelihoods project implemented by Afghanaid (British NGO) in Samangan province.</p>
11/05 to 10/06	Afghanistan Groupe URD	Research officer Ref: Véronique De Geoffroy vdegeoffroy@urd.org	Farming systems research for PMIS (Participatory Management of Irrigation Systems), a research-action project aimed at improving water management in four irrigation schemes of Kunduz river basin. Financing of EU. <i>Publication: Pasquet J. Growing rice as a cash crop in northeastern Afghanistan. Cahiers Agriculture 2009; 18(5): 441-446.</i>
05/03 to 05/05	Sri Lanka Action Contre la Faim	Programme manager Ref: Guillaume Kopp gkopp1@hotmail.com	Food security, Water & Sanitation rehabilitation projects for civil war affected population in Trincomalee District (Eastern coast). After the December 26, 2004 Tsunami, relief and livelihood recovery programmes to support affected people.
12/02 to 03/03	Liberia Action Contre la Faim	Programme manager Ref: Victor Kiaya ykiaya@actioncontrelafaim.org	Rural development programme: support to community-based organisations in Zwedru (Eastern Liberia). After the turmoil at Côte d'Ivoire border, follow-up of population displacements and needs assessment in a refugee camp.
02/02 to 08/02	France, Côte d'Ivoire & Chad Sofreco SA	Junior expert	Internal evaluation of a dairy project in N'Djamena Agro-industrial sector study for a European Union – West Africa agro-business sector meeting. Field mission in Côte d'Ivoire to identify value chains with a good potential for development.
