

Curriculum Vitae – Olivier BOUYER

Founding Director of SalvaTerra SAS www.salvaterra.fr

Co-manager of the forestry company Koadeg <http://gf.koadeg.bzh>

Accredited forestry expert from CNEFAF® (www.cnefaf.fr)

24 years of work experience

| | | | |
|-----------------------|--------------------|------------------------|--|
| Surname: | BOUYER | First names: | Olivier Tanguy |
| Date of birth: | 10/12/1977 | Marital status: | Married, 3 children |
| Nationality: | French | E-mail: | o.bouyer@salvaterra.fr |
| Mobile phone: | + 33 6 66 49 95 31 | Skype: | o.bouyer.salvaterra |

Education:

| <i>Institutions</i> | <i>Dates</i> | <i>Title of qualification awarded</i> |
|---|--------------|---|
| <i>Ecole nationale supérieure d'agronomie de Montpellier</i> (National Institute of Agronomy, Montpellier) | 2000 / 2001 | Post-graduate research degree in agriculture, agri-business and rural economics, with honours. M. Sc. in Economic, with specialisation in tropical agronomy Civil servant as <i>Ingénieur en chef des ponts, des eaux et forêts</i> (granted leave of absence from the French Government) |
| National Institute of Agronomy, Montpellier National Institute of Agronomy, <i>Dijon</i> (Engineering school specialising in agronomy for civil servants) | 1997 / 2000 | B. Sc. Agronomy (specialised) B. Sc. Agronomy (general) |
| <i>Lycée Chateaubriand</i> (Rennes) | 1995 / 1997 | Preparatory classes (" <i>Math sup bio / Math spé bio</i> ") |

Languages (1 – excellent; 5 – basic):

| <i>Languages</i> | <i>Comprehension</i> | <i>Oral</i> | <i>Written</i> |
|------------------|----------------------|-------------|----------------|
| French | 1 | 1 | 1 |
| English | 1 | 1 | 1 |
| Spanish | 2 | 2 | 2 |
| German | 4 | 4 | 4 |

Basic notions of *Dagbani* (language spoken in Northern Ghana, close to the *Haouassa* language) and *Manikakan* (spoken language of Northern Guinea, Conakry, close to the *Malinké* language)

Main skills and abilities:

- Support / advice for policy makers in charge of forestry and environment in developing countries:** Preparation of climate negotiations (UNFCCC, KP) and REDD+ initiatives (FCPF, UN-REDD, REDD+ Partnership, VPA FLEGT, etc.); Preparation of REDD+ strategies (carried out in Madagascar, the DR of Congo, Congo, the Central African Republic, Ivory Coast, Morocco) or National climate plans (carried out in Gabon and the DR of Congo); Advisory services in terms of adaptation policies and measures (agriculture, forestry, water management, fisheries, food security, etc.);
- Support / advice for policy makers in charge of agriculture in developing countries** (4 years overseas experience in Ghana and Guinea in addition to numerous missions of short to medium duration): understanding of the international and sub-regional stakes (WTO, AGOA, NEPAD, PDDAA, ECOWAP, etc.), economic modelling (macro and micro-economics) of agricultural policies, support for the definition, implementation and follow-up of national and local policies;
- Support for farmers' organizations** (organisation and good governance, literacy campaigns, financial management, technical capacity-building in agronomy and/or animal breeding, water and natural resources management, research & development in rural environments, negotiations with input suppliers, storekeepers / wholesalers, trade unionism and lobbying with public authorities);
- Economic analysis of supply-chain management** and recommendations for the **improvement of food security:** bovine meat in Uruguay; special coffee (fair trade, organic and gourmet) in the Dominican Republic; rice in Ghana; cotton, rice, corn, cashew nut, mango, sesame, yam, shea butter, milk, egg and poultry in Guinea; sesame, dates and natron in Chad; Cashew nut, honey, mil, sorghum, groundnut in Burkina-Faso; etc.

Specific experiences:

| <i>Countries</i> | <i>Dates</i> |
|------------------------------|---|
| Algeria | Sept. 2022 to June 2023 |
| Australia | March 2007 |
| Burkina-Faso | Feb. to March 2010, Sept. to Oct. 2013, July 2016, Oct. 2016, Oct. 2017, Feb. 2019, Nov. 2020 to May 2021 |
| Cameroon | October 2007, December 2013 to April 2014, December 2014 |
| Central African Republic | September 2010 to February 2011, July 2011, Janv. to June 2017 |
| Chad | July 2000, October 2014, February to March 2015, April to August 2016 |
| Chile | February 2012 |
| China | October 2010 |
| Colombia | September 2010 |
| Congo | January 2010, October 2011 |
| Czech Republic | February, April, May 2009 |
| Democratic Republic of Congo | November 2010, August 2012, May 2013, June to October 2013, March to Sept. 2015 |
| Denmark | December 2009 |
| Dominican Republic | February to July 2001 |
| England | February 2012 |
| Ethiopia | Oct. to Dec. 2018 |
| Finland | October 2006 |
| Germany | May to June 2006, 2007, 2008, 2009 and 2010 |
| Gabon | September to December 2016 |
| Ghana | January 2002 to January 2004, August 2008 |
| Guatemala | May 2010 |
| Guinea Conakry | June 2004 to June 2006, June 2010, Feb. 2011, Oct. to Nov. 2011, March 2014; Oct. 2014, Dec. 2015 to March 2016, Feb. to Nov. 2018; January 2020 to December 2021 |
| Iceland | May 2008 |
| Indonesia | December 2007 |
| Ireland | March 2008 |
| Italy | November 2006, October 2009 |
| Ivory coast | October 2012, July to December 2013, September 2014 to March 2016 |
| Japan | June 2008 |
| Kenya | November 2006, April 2013, August 2015; May 2020 to April 2021 |
| Lithuania | October 2006 |
| Madagascar | October 2011, July 2016 to January 2017 |
| Mali | June 2010, Oct. 2014, Oct. to Nov. 2015, June to July 2017, Nov. 2018, Nov. 2020 to May 2021 |
| Mayotte | February to June 2017, June to Sept. 2022, Dec. 2023, April 2024, October 2024 |
| Morocco | June 2012, December 2012 |
| Niger | Sept. to Nov. 2012, Oct. 2016, Sept. 2017 to Oct. 2018, Feb. 2019, Nov. 2020 to May 2021 |
| Norway | May 2010 |
| Paraguay | February 2012 |
| Peru | April 2010 |
| Poland | June 2007, December 2008, November 2013 |
| Portugal | July 2007, September 2007 |
| Slovenia | February 08 |
| Spain | November 2009 |
| Sudan | April to June 2019 |
| Sweden | July, September 2009 |
| Tanzania | April to October 2022 |
| Thailand | April 2008 |
| Trinidad and Tobago | June to August 1999 |
| Turkey | July 2011, January 2014 |
| Uganda | May 2020 to April 2021 |
| Uruguay | August 2000 |

Professional experience:

| <i>Dates</i> | <i>Location & Organisation</i> | <i>Position& reference person</i> | <i>Description</i> |
|---------------------|------------------------------------|---|--|
| 07/12 to present | France; SalvaTerra | Founding Director | Founding Director of a consultancy firm specialising in advisory services for developing countries, with a focus on the following topics: agriculture, forestry, energy, and the environment (water, biodiversity, climate) |
| 06/24 à 11/24 | DR Congo SalvaTerra | Backstopping Ref : cedric@mushiete.cd Tel: +32 471662286 | Study of the cassava, timber and charcoal sectors for the feasibility study of an agroforestry plantation, based on qualitative and quantitative analyses (surveyors in Kinshasa coordinated remotely): Supply (itineraries, yields, production); Demand (current and potential uses); Value chain (players, flows, logistical constraints); Trends (prices, volumes, supply/demand drivers); Challenges and opportunities (production, processing, marketing); Recommendations for the project. Financing: Mushiete & Co |
| 06/24 à 12/24 | Liberia SalvaTerra | Agricultural expert Ref : gasperim@afd.fr Tel: +229 60 26 26 97 | Feasibility study and detailed design of the Sustainable Management of the Wonegizi-Wologizi Forest Landscape project: agrarian diagnosis (upland agriculture, lowland agriculture, hunting, NTFP collection, etc.); assessment of the vulnerability of livelihoods to climate change; identification of the main constraints and support needs of local producers; formulation of the component relating to agricultural production systems and other livelihoods on the outskirts of the future Wologizi and Wonogizi protected areas. Financing: Agence française de développement (AFD). |
| 12/23 à 03/25 | Mayotte SalvaTerra | Forestry expert Ref: daniel.lesur@agriculture.gouv.fr Tel: +33 2 69 63 81 42 | Drawing up the Mayotte Department's 2024-2034 Forest and Wood Programme (PFBDM): Diagnosis of the forestry sector (biophysical aspects, regulatory and institutional aspects, economic activities, pressure factors); Strategy and action plan (three areas: sustainable forest management, promoting the contribution of forests to the local economy, strengthening forestry policy and control); Consultation with members of the Forest and Wood Commission throughout the process; Environmental assessment. Financing: French Ministry of Agriculture. |
| 06/23 à 05/25 | Guinea SalvaTerra | GHG inventory expert AFOLU Ref : ideffry@worldbank.org Tel: +1 202 75 15 207 | Technical assistance to Guinea's National Forest Monitoring System (SNSF): Estimation of surface areas (activity data) in terms of land use and land use change; Estimation of emission factors, based on IPCC default values or on specific data (forest biomass, bush fires, firewood, etc.); Estimation of greenhouse gas emissions/removals from the forestry sector; Calculation of uncertainties in these estimates. Financing: World Bank. |
| 01/23 | France SalvaTerra | Forestry expert Ref: raphael.manlay@agroparistech.fr Tel: + 33 4 67 04 71 26 | Supervision of AgroParisTech Master 2 students in "Environmental Management of Tropical Ecosystems and Forests (GEEFT)" to produce a carbon project identification note entitled "Energy substitution: replacing igneous salt farming with solar salt farming in Guinea". Financing: AgroParisTech. |
| 11/22 à 04/23 | Senegal SalvaTerra | Backstopping Ref : momar.sow@environnement.gouv.sn Tel: +221 77 65 12 082 | Assessment of the potential of carbon finance to protect mangroves in Senegal: capitalisation of past initiatives and assessment of future prospects; comparative analysis of the various mechanisms for mobilising carbon credits (CDM or voluntary approaches); recommendations to the Senegalese government and its partners to improve the mobilisation of carbon finance for mangrove restoration initiatives and contribute to the achievement of the NDC. Financing: Senegalese Government. |
| 10/22 à 03/23 | France SalvaTerra | Adaptation and mitigation expert Ref: vincent.tanguy@e-sud.net Tel: +33 7 61 58 03 11 | Meta-evaluation of AFD's irrigated rice-growing projects, in particular their GHG emissions profiles (using the ExACT, ExACT Value Chain and NEXT carbon assessment tools) and their vulnerabilities to climate change, and operational recommendations for future AFD irrigated rice-growing projects that are low greenhouse gas emitters and resilient, compatible with the commitments of the Paris Agreement. Financing: Agence française de développement (AFD) and Comité scientifique et technique eau agricole (COSTEA). |
| 10/22 (in progress) | DR Congo SalvaTerra | Backstopping | Technical assistance for the Sustainable Forest Management Programme (SFMP): Development of appropriate technical procedures and tools to promote legal and sustainable artisanal logging (NB: the artisanal sector accounts for 94% of timber harvested in the DRC); Training of artisanal operators and forestry service agents in the five pilot provinces (Maï-Ndombe, Équateur, Mongala, Tshopo and Ituri); Testing of procedures and tools on pilot sites, in particular through |

| | | | |
|-------------------|---|--|--|
| | | Ref : augerschwarzenbergm@afd.fr Tel : +33 1 53 44 86 66 | industrial/artisanal partnerships. Financing: Agence française de développement (AFD) and Central African Forest Initiative (CAFI). |
| 09/22 à 02/23 | Ivory Coast SalvaTerra | Backstopping Ref : Tel: +225 05 42 89 99 | Feasibility study for two local development projects in the Cavally and Tonpki regions, promoting biodiversity protection, ecotourism and agro-ecological activities. Financing: Ivorian Government. |
| 06/22 à 06/23 | Algeria SalvaTerra | Backstopping Ref. : sjauffret@worldbank.org Tel: +1 240 736 8251 | Technical assistance to the Algerian government to analyse the forestry sector and the national system for preventing, monitoring and fighting forest fires, assess and build the capacity of local players, then make operational recommendations for setting up an information-sharing platform and integrating it into a general system for preventing and managing major risks. Financing: World Bank. |
| 06/22 to 09/22 | Mayotte SalvaTerra | Backstopping Ref: william.mamokoro@kougou.fr Tel: +33 6 39 20 59 63 | Agrarian diagnosis for the "Quartier Fertile" project carried out by the Koungou City Council: (i) study the overall characteristics of the plot and its environment; (ii) establish pedological analyses based on the determination of the soil structure and soil sampling/analysis; (iii) carry out a zoning and mapping of potential adapted cropping systems (mainly mixed cropping systems with or without tree cover, and market gardening); and (iv) propose rural infrastructures and the corresponding management procedures. Financing: National Agency for Urban Renewal (ANRU). |
| 06/22 to 09/22 | Italy, Morocco, Tunisia SalvaTerra | Backstopping Ref: mapaulin@vertigolab.eu Tel: +33 6 46 59 44 18 | Assessment of the needs of Mediterranean agricultural entrepreneurs for the adoption of improved and sustainable agricultural water management practices. Case studies on tree crops in Italy (olive), Morocco (apple, plum, cherry) and Tunisia (almond, citrus). Analysis of documentation, field missions and drafting of a diagnostic report. Financing: NGO Vertigolab. |
| 04/22 to 10/22 | Tanzania SalvaTerra | Forestry expert Ref: willardf@afd.fr Tel: +33 6 08 99 11 55 | Feasibility study of a major forestry plantation and capacity building project for the Tanzanian National Forestry Services (TFS). Diagnosis of the situation, proposal of intervention modalities, drafting of the Project Presentation Note (FPP) and of the project feasibility study. In collaboration with FORCONSULT, ONFI and BIOTOPE. Financing: French Development Agency (AFD). |
| 02/22 to 10/22 | Worldwide SalvaTerra | Backstopping Ref: Emma.dennis@bettercotton.org Tel: +44 7956 063409 | Development of a soil health indicator in the framework of the Better Cotton Initiative (BCI) 2030 strategy: (i) Description of the different components of the soil health concept, (ii) Proposal of a relevant indicator, soil organic carbon (SOC), to measure soil health in the framework of the BCI strategy (iii) Review of the different methods of estimating SOC and in particular those of the IPCC, (iv) Testing of the method for two pilot countries (v) Evaluation of the feasibility of scaling up the indicator for all BCI countries. Financing: Better Cotton Initiative (BCI). |
| 10/21 to 01/23 | Worldwide SalvaTerra | Mitigation / adaptation expert Ref: natalie.ernst@bettercotton.org Tel: +44 7956 063409 | Participation in a panel of 5 experts to review the Better Cotton Initiative (BCI) principles and criteria for the sustainable management of natural resources (water, soil, biodiversity, carbon, etc.), with a view to their application by 2 million cotton producers in 23 countries. Financing: Better Cotton Initiative (BCI). |
| 07/21 to 05/22 | Italy, Burkina, Ethiopia, Gambia, Fiji, Haiti, Niger, Nigeria, Senegal SalvaTerra | Quality control expert Ref: emilia.bretan@fao.org Tel: +39 06 57 05 14 09 | Quality control of the final evaluation of the project "Action against desertification in support of the implementation of the Great Green Wall of the Sahara and Sahel initiative and South-South cooperation in African, Caribbean and Pacific countries" funded by FAO (25,5 M€. 2015-2020): substantive and editorial comments on the preliminary results of the final evaluation in order to improve the robustness of the results, conclusions and recommendations. Financing: Food and Agriculture Organization of the United Nations (FAO). |
| 11/20 to 05/21 | Mali, Niger, Burkina-Faso SalvaTerra | Head of Mission Ref: deboisfleuryj@afd.fr Tel: +33 1 53 44 63 94 | Final evaluation of the project "Management of natural forests and sustainable wood energy supply to Sahelian cities (FONABES)" and feasibility study for a 2 nd phase. Analysis of the Bamako/Niamey/Ouagadougou domestic fuel supply master plans (SDACD), nine communal forest management master plans (SDAFC) and thirty simplified management plans (PAGS) in Mali/Niger/Burkina. Field mission, meetings with the project team, service providers, national forestry |

| | | | |
|----------------|--|--|--|
| | | | departments, regional and local forestry departments, beneficiary communes, fuelwood cooperatives, loggers, etc. Financing: French Development Agency (AFD). |
| 05/20 to 04/21 | Kenya, Uganda SalvaTerra | Backstopping Ref: anais.gentit@purprojet.com Tel: +33 1 55 28 98 05 | Feasibility studies for the dissemination of improved cookstoves (ICSs) in coffee farmers' cooperatives (Kericho County in Kenya and Kasese / Fort Portal Region in Uganda): Market assessment at local and regional level, diagnosis of cooking practices and food habits, selection of promising ICSs, evaluation of performance and user satisfaction (Kitchen Performance Tests, Focus Group Discussions, etc.), recommendations. Financing: NGO PUR Project. |
| 01/20 to 12/21 | Guinea SalvaTerra | Head of Mission Ref: tchalaoua@afd.fr Tel: +33 1 53 44 31 31 | Coordination of climate change vulnerability analyses in five key sectors in Upper Guinea (rice, market gardening, cattle, small ruminants, fishing): (i) Training on climate issues for 80 rural actors (agents of rural sector ministries, elected representatives of farmers' organisations, representatives of projects and NGOs, etc.)(ii) Participatory surveys of 130 family production units and cross-referencing of the field data collected with climate projection data; (iii) Inventory of 43 endogenous adaptation techniques and participatory identification of specific adaptation options for each sector; (vi) Recommendations for the integration of adaptation issues in 11 agricultural and livestock projects in Upper Guinea; (vii) Capitalisation (photo library, interview with market gardening stakeholders, computer graphics on the adaptation of the fisheries sector to climate change in Upper Guinea). Financing: French Development Agency (AFD). |
| 11/20 to 02/21 | Guinea SalvaTerra | Backstopping Ref: amadou.diallo@enabel.be | Coordination of the study of the pineapple market and of the conditions of transport of pineapple from Guinea to Senegal: (i) analysis of the Guinean sector: varieties and technical itineraries; supply chain; (ii) analysis of the Senegalese market: basins and modes of consumption, distribution chain, competitive analysis; (iii) support to the elaboration of a strategy and action plan for Guinean pineapple in the Senegalese market. In partnership with SylvaTrop. Financing: Belgian Development Agency (ENABEL). |
| 07/19 to 12/19 | Madagascar SalvaTerra | Head of Mission Ref: haingo.m@pic.mg Tel: + 261 3410 819 20 | In-depth agrarian diagnosis of agricultural production systems in the North of Tuléar: production factors (land, equipment, labour, technical know-how), "traditional" (cotton, cassava, maize, cowpeas, cape peas, etc.) and "innovative" (moringa, stevia, artemisia, etc.) value chains, constraints/opportunities, etc., with a view to developing support for the 2 nd phase of PIC2. Financing: World Bank. |
| 04/19 to 06/19 | Sudan SalvaTerra | Team Leader Ref: carbonproject.sud@gmail.com Tel: +249 12 226 0055 | Organization of a training course on Greenhouse Gases (GHG) inventory principles, methods and tools in the Land Use, Land-Use Change and Forest (LULUCF) sector, and elaboration of a roadmap for the establishment of a Measuring, Reporting, and Verification system of GHG emissions/removals in the frame of REDD+. Financing: International Fund for Agricultural Development (IFAD), through the Integrated Carbon Sequestration Project in Sudan (ICSPS). |
| 02/19 | France SalvaTerra | Backstopping Ref: raphael.manlay@agroparistech.fr Tel: + 33 4 67 04 71 26 | Supervision of two groups of AgroParisTech students (GEEFT option) in Montpellier, within the framework of the module "Tropical forests and climate change: applications". Elaboration of Project Identification Notes (PIN) for 2 carbon projects: i) Afforestation/Reforestation of acacia and oil palm trees on degraded lands in DR Congo; ii) Energy substitution and promotion of solar salt production to avoid burning of mangrove to boil salted water. Financing: AgroParisTech. |
| 01/19 to 04/19 | Mali, Niger, Burkina-Faso SalvaTerra | Team Leader Ref: deboisfleuryj@afd.fr Tel: +33 1 53 44 63 94 | Mid-term evaluation of the project "Management of natural forests and sustainable supply of wood energy of Sahelian cities (FONABES)". Analysis of woody biomass supply schemes (SDACD) and energy efficiency measures (esp. ICSs) in Bamako / Niamey / Ouaga. Analysis of nine municipal forest management plans (SDAFC) and thirty forest management plans (PAGS) in Mali / Niger / Burkina. Field mission, meetings with the project team, service providers, National Directorates of forest services, regional and local forest services, targeted municipalities, forest-users' cooperatives, loggers, etc. Financing: French Development Agency (AFD). |
| 11/18 | Mali SalvaTerra | Team Leader Ref: bdorinthie@yahoo.fr Tel: +223 66 76 08 36 | One-week training of civil servants of the National Directorate of forest services on the management of classified forests and the fight against drivers of deforestation (shifting cultivation, pastoralism, mining, etc.). Financing: Swedish International Development Aid (SIDA) via the GEDEFOR2 project. |
| 10/18 to 12/18 | Ethiopia SalvaTerra | Backstopping Ref: a.atwa@unido.org | Development of a support project for the honey sector in Ethiopia. Needs assessment of procedures and quality control infrastructure to fulfil the traceability and residue control criteria for export to the European market, characterization and |

| | | | |
|----------------|---|--|---|
| | | Tel: +43 1 260 26 33 03 | quantification of needs and opportunities for improvement, drafting of a project document. Financing: United Nations Industrial Development Organization (UNIDO). |
| 07/18 to 11/18 | Guinea SalvaTerra | Team Leader Ref: barthesv@afd.fr Tel: +33 1 53 44 38 78 | Comprehensive audit of the National Directorate of Agriculture (DNA) and its deconcentrated services (Regional and Prefectural Directorates): Knowledge of local agricultural contexts (production statistics, level of mechanization, dissemination of improved seeds, state of hydro-agricultural infrastructures, agricultural actors from upstream to downstream value chains, etc.); Alignment of activities with national policies and global environmental issues (including adaptation of agriculture to climate change); Internal organization (organization chart, job descriptions, planning, supervision, evaluation, profiles / positions adequacy, continuous training, HR rules, etc.); Financial and logistical means (budgets, buildings, vehicles, IT tools, etc.). Financing: French Development Agency (AFD). |
| 06/18 to 10/18 | Africa (desk study) SalvaTerra | Team leader Ref: guinganda@afd.fr Tel +33 1 53 44 41 40 | Prospective study and recommendations for the sustainability of the project "Observing Forests by Satellite in Central and West Africa" (OSFACO) financed by AFD and Airbus Defence and Space and implemented by IGN France International: Evaluation of the OSFACO project; State of play of satellite observations in the eight target countries (Cameroon, Congo, Gabon, CAR, DRC, Benin, Ivory Coast, Guinea); State of play of the most promising international initiatives in terms of land use monitoring; Analysis of beneficiaries' perceptions; Elaboration of 10 key recommendations. Financing: French Development Agency (AFD). |
| 05/18 to 08/18 | Latin America (desk study) SalvaTerra | Expert adaptation / agric. Ref: julia.charbonnier@expertisefrance.fr Tel: +33 1 70 82 73 50 | Evaluation and scoring of 36 project proposals and 15 project documents in 17 Latin American countries, submitted as part of a call for projects under the "Resilient food production" component of the EUROCLIMA + program (funded by the European Commission). Analysis of the project contexts, the relevance of the actions, the technical and organizational feasibility, the structure and content of the logical framework, budgets, etc. Financing: Expertise France and GIZ. |
| 02/18 to 07/18 | Guinea SalvaTerra | Team leader Ref: barthesv@afd.fr Tel: +33 1 53 44 38 78 | Feasibility study of the agricultural development project in the groundnut basin of Dabola: Detailed agrarian diagnosis; Analysis of projected impacts of climate change and the vulnerability of rural populations; Design of support measures for agricultural production (support in the field of agro-ecology and climate-smart agriculture, promotion of animal traction, dissemination of improved seeds adapted to climate change, subsidised agricultural credit); Design of support measures for income and food diversification, focusing on the most vulnerable households (irrigated rice farming, off-season gardening, income-generating activities: NTFP processing, fattening, semi-modern poultry farming, etc.). Financing: French Development Agency (AFD). |
| 09/17 to 10/18 | France / Niger SalvaTerra | Team leader Ref: lou.payrat@expertisefrance.fr Tel: +33 1 70 82 73 60 | Support to the implementation of Niger's Nationally Determined Contribution (CDN), in the framework of the Paris Agreement on Climate: extension of the CDN (local authorities, parliamentarians, civil society), followed by the CDN (including actions in terms of restoration of degraded lands), establishment of a platform of donors on the climate, training on climate finance. Financing: Expertise France. |
| 09/17 to 10/17 | Gabon SalvaTerra | Backstopping Ref: stanislas.mouba@presidence.ga Tel: +241 01 74 17 37 | Feasibility study and elaboration of a project document (18 M€) in the frame of the cooperation between Gabon and the Central African Forest Initiative (CAFI), with two main components: National Land Planning Programme (PNAT) and National Forest Resources Monitoring System (SNORF). Financing: French Development Agency (AFD). |
| 09/17 to 11/17 | Burkina-Faso SalvaTerra | Agrosylvopastoralist expert Ref: vasseur@afd.fr Tel: +26 25 30 60 92 | Feasibility study of a 15 M€ project called " <i>Tirawa Initiative, in support to the 35 M€ Project for Food Security in the Eastern Region of Burkina-Faso</i> ". Identification of feasible, profitable, and climate-smart activities, in the field of food crop and cash crop production, cattle and small ruminants breeding, NTFPs harvesting and processing, etc. and targeting of activities to the most vulnerable groups (young men and women, women, small farmers) after an in-depth vulnerability assessment. Financing: French Development Agency (AFD). |
| 06/17 to 07/17 | Mali SalvaTerra | Team leader: Ref: bdorinthie@yahoo.fr Tel: +223 66 76 08 36 | One-week training session for the civil servants of the National Directorate of Water and Forestry in terms of design and implementation of sustainable forest management plans: objectives of forest management, key concepts related to sustainable forest management and management plans, state of the forest sector in Mali, outline of a management plan, |

| | | | |
|----------------------------------|--|---|--|
| | | | inventory methods, methods for participatory consultations, community and participatory management of forests, promotion of NTFPs, wood energy management, techniques for reforestation / assisted natural regeneration / cuttings and layering. Financing: Swedish International Development Aid (SIDA), through the GEDEFOR2 Project. |
| 05/17 to 07/17 | Ecuador SalvaTerra | Backstopping Ref: estelle.chavallard@expertisefrance.fr Tel: +33 6 38 56 56 20 | Technical and methodological support for the organization of a multi-stakeholder/multi-country (18 countries) consultation workshop for the "Resilient Food Production" sector (€ 10 million budget) under the EUROCLIMA + program for Latin America financed by the European Commission (€ 80 million). Drafting of a methodological note and four thematic notes: "Efficient use and water management in agriculture", "Good agricultural practices for adaptation/mitigation", "Good farming practices for adaptation/mitigation" and "Climate finance for agriculture". Financing: European Commission via Expertise France. |
| 01/17 to 06/17 | Central African Republic SalvaTerra | Team leader Ref: JeanAlexandre.Scaglia@fao.org Tel: +236 72 03 25 11 | Feasibility study of a project ("The Restoration Initiative" – TRI. 15.8 million US\$) for the recovery of degraded lands and sustainable management of lands and landscapes in the South-West of the CAR. Financing: Global Environment Fund (GEF). |
| 02/17 to 06/17 | Mayotte (FR) SalvaTerra | Team leader Ref: virginie.veau@agriculture.gouv.fr Tel: +33 6 69 63 81 44 | Evaluation of EU-funded (FEADER) agro-environmental measures to support the maintenance of agroforestry ("jardin Mahorais"), hedges, riverine woodlands, wet meadows, the reduction of soil erosion, the adoption of innovative cropping system under crop cover. Financing: French Ministry of Agriculture. |
| 09/16 to 01/17 | Niger and Burkina SalvaTerra | Team leader Ref: hertkornn@afd.fr Tel: +33 6 24 27 37 20 | Feasibility study of a project ("Green Communes". 8 million €) for the recovery of degraded lands and sustainable management of lands and landscapes in the Sahelian zone (Tahoua Region in Niger and Eastern and Sahel Regions in Burkina-Faso) to support the implementation of The Great Green Wall Initiative for the Sahel and the Sahara with the forestry services of these countries. Financing: French Global Environment Facility (FFEM). |
| 09/16 to 12/16 | Gabon SalvaTerra | Backstopping Ref: stanislas.mouba@presidence.ga Tel: +241 01 74 17 37 | Review of the Gabonese National Investment Framework (CIN) submitted to the Central African Forest Initiative (CAFI), with two main components: National Land Planning Programme (PNAT) and National Forest Resources Monitoring System (SNORF). Financing: French Development Agency (AFD). |
| 07/16 to 01/17 | Madagascar SalvaTerra | Team leader Ref: frederic.baron.88@gmail.com Tel: +261 340 590 231 | Study of the drivers of deforestation and forest degradation in Western dry forests and Eastern moist forests of Madagascar - Bibliographic review, field surveys and spatial analysis in collaboration with the Catholic University of Louvain (UCL). Financing: World Bank. |
| 07/16 | Burkina Faso SalvaTerra | Value-chain expert Ref: l.garba@afdb.org Tel: +225 77 30 59 99 | Preparation and evaluation of the Project for Cashew Development in the Comoé Basin (PADA / REDD+) with focus on Component 1 - Support for Carbon Production and Carbon Sequestration. Financing: African Development Bank (AfDB). |
| 04/16 to 08/16 | Chad SalvaTerra | Team leader Ref: Kristin.Devalue@fao.org Tel: +39 06 570 54809 | Adaptation of Cancun's REDD+ safeguards in Chad's REDD+ process, following a thorough review of all existing policies and measures in the following sectors: forest, agriculture, environment, energy, land tenure, women's rights and marginalized populations' rights. Financing: Food and Agriculture Organization of the United Nations FAO. |
| 04/15 to present (annual course) | France SalvaTerra | Team leader Ref: raphael.manlay@agroparistech.fr Tel: + 33 4 67 04 71 26 | Training course to the students of the <i>Ecole nationale du génie rural, des eaux et forêts</i> (ENGREF) in the frame of the module "Tropical forests and global change": (i) Clean Development Mechanism (CDM): key-features, forests and mitigation of climate change, state of the art and outlook for the CDM, carbon pools and GHG fluxes, project cycle, CDM guidelines, legal aspects of CDM credits trading, (ii) Similarities/differences among voluntary carbon standards, (iii) Concrete examples of CDM or voluntary carbon projects. Financing: AgroParisTech.. |
| 11/15 to 04/16 | Guinea SalvaTerra | Team leader Ref: pendomaro@acp.int | Support to the Yam Farmers' Federation of Guinea to promote profitable and climate-friendly yam cropping systems (incl. avoiding deforestation): state of play of the yam value chain, assessment of the existing yam cropping systems, proposals |

| | | | |
|----------------|------------------------------------|--|--|
| | | Tel: +32 2 74 30 690 | for improved yam cropping systems, field trials (<i>Mother and Baby Trials</i>). Financing: Global Climate Change Alliance of the European Union (GCCA). |
| 10/15 to 11/15 | Mali SalvaTerra | Team leader Ref: b.flipo@geres.eu Tel: +223 93 07 04 90 | Final evaluation of the project « Climate and Energy in West Africa (CEnAO), project aiming at disseminating improved cookstoves in Mali and Benin and at promoting the use of green charcoal. Financing: NGO GERES. |
| 10/15 | West Africa SalvaTerra | Team leader Ref: b.sarr@aghyrmet.ne Tel: +227 94 95 42 90 | Support to the Inter-State Committee to Fight against Drought in the Sahel (CILSS) to prepare the CILSS / ECOWAS countries to climate negotiations (COP21). (i) Preparation of country profiles on the integration of climate change into development strategies (Niger, Ivory Coast, Chad, Burkina Faso, Senegal and Benin); (ii) Support to the elaboration of the COP21 preparation bulletin. Financing: Global Climate Change Alliance of the European Union (GCCA). |
| 10/15 | Guinea SalvaTerra | Team leader Ref: lecointrec@afd.fr Tel: +224 621 057 767 | Prefeasibility study of a national mapping of agro-ecological areas: identification of existing sources of data at national scale, assessment of local capacities in terms of GIS and remote-sensing, practical recommendations to start the mapping using very high-resolution SPOT satellite images. Financing: French Development Agency (AFD). |
| 08/15 | Kenya (from France) SalvaTerra | Team leader Ref: Ivo.Mulder@unep.org Tel: +254 727 627 338 | Assessment of socio-economic and environmental costs and benefits (fight against deforestation, greenhouse gas emission reduction, total economic value of preserved forests) of improving efficiency in the Kenyan forestry sector: (i) logging operations, (ii) processing of logs, (iii) production of charcoal, (iv) wood energy consumption by households and (v) industrial consumption of wood energy. Financing: United Nations Environment Program (UNEP). |
| 04/15 to 05/15 | Africa (from France) SalvaTerra | Team leader Ref: colindeverdierek@afd.fr Tel: +33 1 53 44 47 97 | Final evaluation of the projects "Satellite observation of tropical forests (OSFT)" and "Capacity-building and access to satellite data for forest monitoring in Central and West Africa (GEOFORAFRI)" and feasibility study of the project "Forest monitoring by satellite in Central and West Africa (OSFACO)" financed by AFD / Airbus Defence and Space and implemented by the National Geographic Institute of France (IGN-FI): final evaluations of the projects OSFT and GEOFORAFRI, state of play of satellite observation in the 10 targeted countries (Cameroon, CAR, Congo, DR Congo Gabon, Guinea, Liberia, Togo, Benin, Burkina-Faso) and elaboration of the OSFACO project document. Financing: French Development Agency (AFD). |
| 03/15 to 09/15 | DR Congo SalvaTerra | Farmers' coop. expert Ref: adeline.dontenville@efi.int Tel: +34 674 02 21 15 | Support to set up the agroforestry cooperative "GICET N'sia mala mala" in DR Congo, territory of Kwamouth (Bandundu Province): (i) mapping and preparation of land tenure securitization process on 10,500 ha of land under customary land-rights for acquisition by the cooperative, (ii) preparation of the cooperative's business plan (2015 to 2027), (iii) revaluation of share capital, revision of statutes and institutional arrangements. Financing: European Forest Institute (EFI). |
| 09/14 to 03/16 | Côte d'Ivoire SalvaTerra | Teal leader Ref: thomas.sembres@efi.in Tel: + 34 661 370 001 | Technical assistance to the Government of Côte d'Ivoire for the implementation of the program "zero deforestation in the cocoa sector by 2020": identification of pilot agro-industrial firms, of pilot supply basin areas, design of a Monitoring, Reporting, and Verification (MRV) system for forest carbon stocks, identification of alternative (profitable and climate-friendly) cocoa cropping systems, setting up of farmers' trials. Financing: European Forest Institute (EFI). |
| 10/14 to 03/15 | Chad SalvaTerra | Team leader Ref: a.atwa@unido.org Tel: +43 1 260 26 33 03 | Complete studies of the sesame / dates / natron value chains and elaboration of projects for the development of these value-chains. Financing: United Nations Industrial Development Organisation (UNIDO). |
| 12/14 | Cameroon SalvaTerra | Team leader Ref: alexandre.borme@credit-agricole-sa.fr Tel: +33 6 63 32 11 41 | 2 nd phase of a long-term support to Biotropical, society exporting double certified (organic and fair trade) tropical fruits (mango, pineapple, passion fruit, etc.), to enhance its volumes of supply and export, by structuring small scale farmers' organisations. Financing: BIO, joint-venture Grameen Bank-Crédit Agricole, Investisseurs et Partenaires (I&P). |
| 10/14 | Mali SalvaTerra | Team leader Ref: b.sarr@agrhymet.ne Tel: +227 91 48 55 68 | Support to the Inter-State Committee to Fight against Drought in the Sahel (CILSS) to prepare the CILSS / ECOWAS countries to climate negotiations (COP20). (i) Preparation of country profiles on the integration of climate change into development strategies (Niger, Ivory Coast, Chad, Burkina Faso, Senegal and Benin); (ii) Support to the elaboration of the COP20 preparation bulletin. Financing: Global Climate Change Alliance of the European Union (GCCA). |

| | | | |
|----------------|---|--|---|
| 03/14 to 06-14 | DR Congo Brazil SalvaTerra | Team leader Ref: adeline.dontenville@efi.int Tel: +34 674 02 21 15 | Identification of relevant REDD+ related topics for implementing a bilateral co-operation between Brazil and DR Congo, and design of detailed project proposals to be approved by the two Governments and partly funded by the Amazon Fund. Financing: European Forest Institute (EFI). |
| 01/14 to 08/14 | West Africa SalvaTerra | Team leader Ref: b.sarr@agrhyment.ne Tel: +227 91 48 55 68 | Production of educational tools on Climate Change (scientific basics, issues, integration into national policies, funding, conventions, impacts on agriculture and adaptation practices, etc.) for a wide range of stakeholders (policy makers, students, negotiators, journalists, etc.). Financing: SOS Sahel and French Global Environment Facility (FFEM). |
| 03/14 | Guinea SalvaTerra | Team leader Ref: dcook@field.winrock.org Tel: +224 669 548 369 | Baseline study of the Global Climate Change Integration Pilot Project to be integrated into the Agriculture Extension and Market Improvement Project (AEMIP): interviewing more than 150 stakeholders from Ministries (Agriculture, Forestry, Livestock, Fisheries, Environment), Farmers' organisations (in various sectors: food crops, cash crops, livestock), agribusiness companies, national agriculture research centres, agriculture training centres and universities. Financing: United States' Cooperation (USAID), through Winrock. |
| 07/14 | Paris SalvaTerra | Agriculture expert Ref: adeline@cariassociation.org Tel: +33 (0)4 67 55 61 18 | Presentation on the impacts of climate change on agriculture in the context of desertification and land degradation as well as adaptation measures. In collaboration with IRD for the Working Group on Desertification in the "Dialogues & Exchange Days" organized by Coordination Sud, July 10, 2014 in Paris. |
| 12/13 to 04/14 | Cameroon SalvaTerra | Team leader Ref: alexandre.borme@credit-agricole-sa.fr | 1 st phase of a long-term support to Biotropical, society exporting double certified (organic and fair trade) tropical fruits (mango, pineapple, passion fruit, etc.), to enhance its volumes of supply and export, by structuring small scale farmers' organisations. Financing: BIO, joint-venture Grameen Bank-Crédit Agricole, Initiatives et Partenaires (I&P). |
| 12/13 to 05/14 | Algeria, Lebanon, Tunisia, Turkey SalvaTerra | Team leader Ref: ludwig.liagre@giz.de Tel: +212 661 76 92 96 | Analysis of the environmental, social and economic costs & benefits, whether tradable or non-tradable, of entering the REDD+ mechanism (Algeria, Lebanon, and Tunisia) or the LULUCF mechanism (Turkey). Financing: German Development Agency (GIZ). |
| 11/13 | Poland SalvaTerra | Team leader Ref: b.sarr@agrhyment.ne Tel: +227 91 48 55 68 | In situ support, during the COP19 in Warsaw, to the climate negotiators of the 17 West African members States of the CILLS/CEDEAO area: decryption of the state of negotiations, outreach with other States or groups of States, facilitation of inter-States positioning. Financing: Global Climate Change Alliance of the European Union (GCCA). |
| 10/13 | Burkina Faso SalvaTerra | Team leader Ref: b.sarr@agrhyment.ne Tel: +227 91 48 55 68 | Support to the climate negotiators of the 17 West African members States of the CILLS/CEDEAO area to prepare the COP19 in Warsaw: scientific causes and consequences of climate change, key facts of the climate negotiations from Rio 1992 to Doha 2012, synthesis of positions of the main groups of negotiations, main issues at stake for the Warsaw negotiations, presentation of the African Union positions. Financing: Global Climate Change Alliance of the European Union (GCCA). |
| 09/13 | Burkina Faso SalvaTerra | Team leader Ref: m.duarte@afdb.org Tel: +216 23 51 62 74 | 2 nd upgrading of the R-PP of Burkina-Faso, by addressing the 2 nd round of comments received from the Technical Assessment Panel (TAP) of the Forest Carbon Partnership Facility (FCPF). Financing: African Development Bank (ADB). |
| 06/13 to 10/13 | DR Congo SalvaTerra | Team leader Ref: kaseyamak@yahoo.fr Tel: +243 99 99 05 957 | Support to the Congolese Government in preparing the 2013-2016 Investment plan (200 million USD) of the REDD+ National Fund, based on the REDD+ National Strategy: (i) land planning, (ii) securing of land tenure, (iii) family planning, (iv) improvement of economic and environment governance, (v) sustainable forest management, (vi) sustainable cropping management, (vii) sustainable supply of wood energy and energy efficiency. Financing: United Nations Development Program (UNDP). |
| 07/13 to 12/13 | Ivory Coast SalvaTerra | Agro-economist expert Ref: thomas.sembres@efi.in Tel: + 34 661 370 001 | Support to the Ivory coast Government in assessing the environmental, social and economic costs & benefits, whether tradable or non-tradable, of entering the REDD+ mechanism for the following sectors: palm oil, rubber, cocoa, shea nut, rain-fed rice, yam, timber export, firewood. Financing: European Forest Institute (EFI). |

| | | | |
|----------------|---|--|--|
| 07/13 to 09/13 | DR Congo, Ghana, Burkina Faso SalvaTerra | Team leader Ref: m.duarte@afdb.org Tel: +216 23 51 62 74 | Preparation (and successful competitive selection) of three project idea notes submitted to the private window of the Forest Investment Programme (FIP): agroforestry plantations (sustainable palm oil, acacia and cassava, over 4,000 ha – 10 MUSD of budget) in DRC, teak plantation (double certified VCS and FSC, over 8,300 ha – 37,5 MUSD of budget) in Ghana, cashew nut plantation and upgrading of three processing units (double certified organic and fair trade – 6,6 MUSD of budget) in Burkina-Faso. Financing: African Development Bank (ADB). |
| 07/13 | Burkina Faso SalvaTerra | Team leader Ref: m.duarte@afdb.org Tel: +216 23 51 62 74 | 1 st upgrading of the R-PP of Burkina-Faso, by addressing the 1 st round of comments received from the Technical Assessment Panel (TAP) of the Forest Carbon Partnership Facility (FCPF). Financing: African Development Bank (ADB). |
| 04/13 to 05/13 | DR Congo SalvaTerra | Team leader Ref: mone.vangeit@wwf.be Tel: +32 2 340 09 58 | Final evaluation of the project « Eco-Makala: promotion of sustainable wood-supply to rural populations closed to the city of Goma », implemented from 2009 to 2013 in the Nord Kivu. Financing: WWF-Belgium, through EuropeAid. |
| 03/13 to 04/13 | Kenya SalvaTerra | Team leader Ref: alfredgichu@yahoo.com Tel: +254 722 787 403 | Assessment of carbon benefit-sharing mechanisms in place in seven REDD+ projects in Kenya and synthesis of lessons to be learnt for other REDD+ projects. Financing: United Nations Development Program (UNDP). |
| 01/13 to 02/13 | France, 18 African LDCs SalvaTerra | Team leader Ref: alexandre.meybeck@fao.org Tel: +39 34 69 89 65 33 | Support to the FAO in assessing the relevance and the effectiveness of adaptation policies and measures related to agriculture, forestry and rural development sectors in the National adaptation plan of actions (NAPAs) submitted by 18 African countries (out of the 33 African least developed countries). Financing: Food and Agriculture Organization of the United Nations (FAO). |
| 12/12 | Morocco SalvaTerra | Team leader Ref: ludwig.liagre@giz.de Tel: +212 661 76 92 96 | Supporting the Kingdom of Morocco (High Commission for Water, Forests and Desertification Control) in the analysis of the environmental, social and economic costs & benefits, whether tradable or non-tradable, of entering the REDD+ mechanism to protect forest carbon. Financing: German Development Agency (GIZ). |
| 09/12 | Ivory Coast SalvaTerra | Team leader Ref: pendomaro@acp.int Tel: +32 2 74 30 690 | Support to the Ivory coast Government in elaborating a REDD+ roadmap, in relation with the preparation of the VPA FLEGT. Financing: European Union, through the Global Climate Change Alliance (GCCA). |
| 09/12 to 11/12 | Niger SalvaTerra | Team leader Ref: emilio.hernandez@fao.org Tel: +39 06 570 55910 | Support to the Food and Agriculture Organisation (FAO) in the setting up of bank guarantees in eight farmer Federations, in order to incentivize farming investment. Financing: Food and Agriculture Organization of the United Nations (FAO). |
| 08/12 to 12/12 | DR Congo SalvaTerra | REDD+ expert Ref: f.quintanilha@afdb.org Tel: + 216 276 98 19 28 | Support to the African development bank (ADB) in the design of a large REDD+ project in the Kisangani and Mbuji-Mayi / Kananga basins (24 M\$). Financing: African Development Bank (ADB) and Forest investment programme (FIP). |
| 01/10 to 07/12 | France ONF International (ONFI) | Director of the climate change unit Ref: julien.demenois@onf.fr Tel: +33 6 98 80 55 78 | - Day to day management of a team of 12 people specialised in (i) Elaboration of national programmes or local projects related to afforestation/reforestation (A/R) - carbon sinks under the Clean Development Mechanism (CDM) of the Kyoto protocol or under the Voluntary Carbon Standard (VCS), Plan vivo, Carbon fix, etc., reduction of greenhouse gases (GHG) emissions from deforestation or forest degradation, or conservation and increase of forest carbon stocks (REDD+), (ii) Forest inventories using satellite and ground survey data for the monitoring, reporting and verification (MRV) of GHG emissions and removals from sinks and sources of the land use, land use change and forestry (LULUCF) sector, (iii) Modelling of future GHG emissions and removals from the LULUCF sector, (iv) Carbon financing of A/R or REDD+ activities, (v) Projects of adaptation to the effects of climates changes (alert systems and promotion of climate-smart grazing and farming systems); |

| | | | |
|-------------------|------------------------------------|--|--|
| | | | - Institutional support to countries or group of countries (e. g. Congo basin countries, South and Central American countries) to elaborate their positions in the LULUCF and REDD+ negotiations under the United Nations framework convention on climate change (UNFCCC). |
| 06/12 | Rabat ONFI | Ref: ludwig.liagre@giz.de Tel: +212 661 76 92 96 | Organisation and facilitation of a workshop aimed at preparing a REDD+ strategy in Morocco, with participants from the Environmental and Forestry Ministries. Financing: German Development Agency (GIZ). |
| 02/12 | Great Britain ONFI | Ref: brice.lalonde@wanadoo.fr | Representative of the French delegation at the 1 st meeting of the REDD+ partnership (with more than 70 countries participating) under the co-Presidency of Australia and the Democratic Republic of Congo. Financing: ONFI. |
| 02/12 | Chile ONFI | Ref: mariana.antonissen@cepal.org Tel: +56 2 2102394 | 18 th regional workshop of the climate change and forestry experts of the Latin-American countries: organisation and facilitation of workshops, aimed at drawing lessons from the COP17 of Durban and preparing the next climate talks. Organised jointly by Economic Commission for Latin America and the Caribbean (ECLAC) and ONFI. Financing: French co-operation and ECLAC. |
| 02/12 | Paraguay ONFI | Ref: silviaestig@gmail.com | Follow-up of the feasibility study of the REDD+ regional project in the Gran Chaco area (Bolivia, Paraguay, Argentina). Financing: ONFI. |
| 02/11 | France ONFI | Ref: n.mardas@globalcanopy.org Tel: + 44 779 319 8569 | Coordination of the "REDD+ Guyana Shield" project elaboration (complete name : <i>Plateforme régionale de développement du mécanisme REDD+ sur le Plateau des Guyanes</i>). Successful project application to Interreg IV Caribbean (European Union). Financing: French Development Agency (AFD) and ONFI. |
| 11/11 | Guinea ONFI | Ref: beatriz.betegon-ramiro@eeas.europa.eu Tel: +2246435 20 70 | Final evaluation of the "project to support the development of the rice and palm oil supply-chain management" implemented on a 2-year basis above 2 Regions by GRET. Financing: EuropeAid, through the NGO GRET. |
| 10/11 | Congo SOFRECO | Ref: bernard.prieur@sofreco.com Tel: +33 1 41 27 95 95 | Support in the elaboration of the 10 regional programmes for the development of agriculture, livestock and fisheries. Financing: African Development Bank (AfDB), through the consultancy firm SOFRECO. |
| 09/11 | Madagascar ONFI | Ref: picaussade@airfrance.fr Tel: +33 6 07 78 15 24 | Final evaluation of the REDD+ "Holistic project for forest conservation" implemented on a 4-year period above 500 000 ha by the Good Planet association and WWF Madagascar, with project financed by Air France. Financing: Air France. |
| 07/11 | Turkey ONFI | Ref: liabastret@afd.fr Tel: +236 75 53 53 53 | Preparation of an MOU between the National Office of French Forests (ONF) and the Turkish General Directorate of Forests (OGM), aiming at developing a technical and scientific co-operation on GIS, meta database management, forest fires, bio-energy, rehabilitation of degraded land, etc. Financing: French co-operation. |
| 07/11 | Central Africa Republic ONFI | Ref: gjafrain@ignfi.fr Tel: +33 6 86 45 12 72 | Feasibility study to set up a national remote-sensing unit, aiming at developing a national monitoring, reporting and verification (MRV) system using Spot images. Financing: <i>National Geographic Institute</i> – France international (IGN-FI), French cooperation and SPOT image. |
| 03/11 to 06/12 | DRC ONFI | Ref: kaseyamak@yahoo.fr Tel: +243 99 99 05 957 | Support to the Government of DRC for the first phase of the development of its National Climate Plan: (i) Refinement of the GHG inventory to determine the most emitting sectors in the country and develop the terms of reference to refine this inventory, (ii) Qualitative analysis of the impact of mitigation and adaptation policies and identification of their strengths/weaknesses, (iii) Support to national climate negotiators and the structuring of a National Climate Committee. Financing: French Development Agency (AFD) |
| 02/11 to 09/11 | France ONFI | Ref: raphael.manlay@agroparistech.fr Tel: + 33 4 67 04 71 26 | Training course to the students of the <i>Ecole nationale du génie rural, des eaux et forêts</i> (ENGREF) in the frame of the module "Tropical forests and global change": (i) Clean Development Mechanism (CDM): key-features, forests and mitigation of climate change, state of the art and outlook for the CDM, carbon pools and GHG fluxes, project cycle, CDM guidelines, legal aspects of CDM credits trading, (ii) Similarities/differences among voluntary carbon standards, (iii) Concrete examples of CDM or voluntary carbon projects. Financing: AgroParisTech. |

| | | | |
|--|--|---|--|
| 02/11 | Guinea ONFI | Ref: directeur@universsel.org Tel: +33 6 82 14 79 08 | Feasibility study of a REDD+ project in Guinea Conakry - promotion of solar salt production to replace the traditional process (burning of mangrove wood to boil salted water): analysis of the regional context (drivers of deforestation and degradation, social and environmental baselines, regional and national policies), potential volume in terms of avoided emissions (analysis of suitable methodologies, rough estimate based on assumed reference level scenario), risks entailed by the project and way forward for the registration of the project (PDD). Financing: NGO UNIVERS-SEL. |
| 01/11 to 12/11 | France, Gabon ONFI | Ref: liabastret@afd.fr Tel: +236 75 53 53 53 | Overall coordination of the consortium ONFI-Carbone4-CITEPA-H. KIEKEN, in charge of supporting the National Climate Committee of Gabon in elaborating its National Climate Plan: review of national GHG inventories, study of mitigation potentials in the agriculture, forest, transport, and oil production sectors, identification of interested stakeholders and eligible projects, review of the legal framework in the environment sector, support to the communication of the National Climate Plan. Financing: French Development Agency (AFD). |
| 12/10 to 04/11 | Gabon, DRC ONFI | Ref: francoise.destais@unep.org Tel: +33 1 44 37 14 50 | Coordination of a review of the legal and institutional framework guiding the activities of the Designated National Authority (DNA) in charge of the CDM in both countries: review of the existing legal texts, definition of ad hoc procedures for approval of projects, assessment of legislations in the forestry and energy sectors, state of art of the development of the CDM and outlook. Financing: United-Nations Environment Program (UNEP). |
| 09/10 | Colombia ONFI | Ref: mariana.antonissen@cepal.org Tel: +56 2 2102394 | 15 th regional workshop to support climate and forest negotiators of Latin American countries: organisation and facilitation of a technical workshop to prepare the climate talks of Tianjin (10/10) and Cancun (12/10). Organised by ONFI. Financing: French cooperation and Economic Commission for Latin America and the Caribbean (ECLAC). |
| 09/10 to 02/11 | Central Africa Republic ONFI | Ref: tolakogadou@hotmail.com Tel: +236 7555 82 22 | Coordination of support in the elaboration of the national REDD+ strategy (RPP) of the Central African Republic, in relation with the VPA FLEGT: supervision of the technical assistance provided by ONF International and review/consolidation of the final report (institutional framework, identification of drivers of deforestation, design of the reference scenario, definition of mitigation strategies, legal issues related to the carbon credits). Financing: French Development Agency (AFD). |
| 06/10 | Mali ONFI | Ref: tolakogadou@hotmail.com Tel: +236 75 55 82 22 | Participation in the 13 th African Ministerial Conference on the Environment. Financing: ONFI. |
| 06/10 | Guinea ONFI | Ref: adrien_sow@yahoo.fr Tel: +22460 52 57 47 | Pre-feasibility study of a REDD+ project in Guinea Conakry (Sangarédi): assessment of the regional context (drivers of deforestation and degradation, ex-ante assessment of social and environmental data, national and regional policies), of the mitigation potential (assessment of available methodologies, rough quantification of the reference scenario), of the risks, and setting up of the next steps in the project implementation (writing of the PDD). Financing: <i>Alternative Carbone</i> . |
| 03/10 05/10 06/10 08/10 10/10 11/10 | France, Norway, Germany, China, DRC ONFI | Ref: peter.schauerte@giz.de Tel: +237 79 53 10 77 | Strategic support in the high level conferences on forests and climate change (Paris, 11th of March 2010 and Oslo, 27th of May 2010) and the UNFCCC negotiations (Bonn in 06/10 and 08/10, and Tianjin in 10/10, and Kinshasa in 12/10) for the 10 member countries of the Commission for Central African Forests (COMIFAC): Burundi, Cameroon, Congo-Brazzaville, Congo-Kinshasa, Gabon, Equatorial Guinea, Central African Republic, Rwanda, Sao Tome and Principe, Chad. Capacity building on issues at stake, preparation of the COMIFAC positions for the negotiation, outreach and bilateral dialogues with donors and NGOs. Financing: German Development Agency (GIZ). |
| 05/10 | Guatemala ONFI | Ref: f.apollin@avsf.org Tel: +33 1 4394 72 04 | Pre-feasibility study of 2 REDD+ in Guatemala (Chisec and San Juan Atitlan): assessment of the regional context (drivers of deforestation and degradation, ex-ante assessment of social and environmental data, national and regional policies), of the mitigation potential (assessment of available methodologies, rough quantification of the reference scenario), of the risks, and setting up of the next steps in the project implementation (writing of the PDD). Financing: NGO Agronomists and Veterinarians without Borders. |
| 04/10 | Peru ONFI | Ref: mariana.antonissen@cepal.org Tel: +56 2 210 2394 | 14 th regional workshop to support climate and forest negotiators of Latin American countries: organisation and facilitation of a technical workshop to prepare the post-Copenhagen climate talks. Co-organised jointly by Economic Commission for Latin America and the Caribbean (ECLAC) and ONFI. Financing: French co-operation and ECLAC. |

| | | | |
|-------------------|--|--|--|
| 02/10 | Burkina Faso ONFI | Ref: ernstg@afd.fr Tel: +33 6 99 74 59 67 | Pre-feasibility study of a REDD+ programme in Mali and Burkina-Faso: assessment of the regional context (drivers of deforestation and degradation, ex-ante assessment of social and environmental data, national and regional policies), of the mitigation potential (assessment of available methodologies, rough quantification of the reference scenario), of the risks, and setting up of the next steps in the project implementation (writing of the PDD). Financing: French Development Agency (AFD). |
| 02/10 to 12/10 | France ONFI | Ref: ernstg@afd.fr Tel: +33 6 99 74 59 67 | Contribution to the research paper "The REDD+ Mechanism, from Global to Local Level", including the following sections: (i) The REDD+ Mechanism in International Climate Negotiations, (ii) National REDD+ Initiatives, (iii) REDD+ projects. Financing: French Development Agency (AFD). |
